

JOINT MEETING
ON NAVY URGEDAnglo-American Conference
Suggested by BrittenCommittees from House and
Parliament ProposedSea Power Equality Would
be Parley Topic

WASHINGTON, Nov. 27. (AP)—A joint meeting of the House Naval Affairs Committee and a committee from the British Parliament has been suggested by Chairman Britten of Illinois to Prime Minister Baldwin of England to discuss equality of sea power between the United States and Great Britain on all classes of war vessels not affected by the Washington arms conference.

The meeting was proposed in a cablegram, made public today, to the Prime Minister from Representative Britten. It would be held in Canada after March 4, 1935, and the committee would report with recommendations to their respective governments on the results of their discussions in a manner similar to the methods used by the Inter-Parliamentary Union.

WHERE IDEA WAS BORN
Chairman Britten said his cablegram was prompted by Prime Minister Baldwin's statement on the 15th inst. expressing the desire for more frequent personal discussions between American and British representatives to lead to a better understanding and feeling between the peoples and governments of the two countries.

The House committee had declared that, through his proposal for a conference of this character is unusual, he is entirely within his Congressional authority and "there should be no misconstruction of my communication nor of my purpose."

TEXT OF CABLEGRAM
The text of the cablegram was: "Recalling your publicity expressed desire of November 13 for more frequent personal discussions between American and British representatives and remembering very pleasantly my personal participation in interparliamentary conferences both here and in Europe, I am impelled

ELEPHANT KEEPER DOOMED
IN ZOO'S MYSTERY MURDER

LONDON, Nov. 27. (AP)—A mysterious tragedy in the London Zoo last August, which Oriental tradition linked with the death of the sacred white elephant Pa Wa in Calcutta, reached a new stage today when San Dre, Burmese elephant keeper, was found guilty at the Old Bailey of murdering Said Ali, Mohammedan elephant trainer, and was sentenced to death.

Coincidentally with the death in Calcutta on August 24, last, of Pa Wa, Said Ali, a noted mahout, was found horribly mutilated in his quarters at the London Zoo. His room-mate, generally known as "Sandy Wee"

was found injured under Ali's window. Several days later Sandy Wee was charged with murdering the mahout and was remanded to jail. At the time of Said Ali's death even persons least addicted to superstitions thought of the ancient belief of the East that misfortune follows with certain footsteps when a sacred white elephant is taken from its own country. Two years previously Pa Wa had been taken to the London Zoo from the East with Sandy Wee as his keeper. Eventually Pa Wa was sent back to Calcutta while Sandy remained at the London Zoo.

fer to see both committees composed entirely of nonmilitary men. "America's naval policy has never been competitive but on the contrary has been always been defensive and rarely commensurate with the world position of the United States. We have actually been backward in promoting true national defense. American people favor general armament reduction but only to a limit of national safety. Pacificism will never reign in our red-blooded country. If it should, we are lost."

"England and America should lead the way now toward naval limitation and a peaceful understanding on the sea. We must never be regarded as military competitors."

CANADIANS INTERESTED IN BRITISH PROPOSAL

OTTAWA (Ont.) Nov. 27. (AP)—Canadian government officials declared tonight the suggestion of Representative Britten of Illinois to Premier Stanley Baldwin that conference be held in Canada between the United States House Naval Affairs Committee and a committee of the British Parliament to discuss equality of sea power was the first intimation received here on such a meeting.

The suggestion is viewed in Canadian official circles as "very interesting." If any agreement is made to hold a conference in the Dominion, Ottawa is considered the logical place for the meeting.

TURKEY'S AVERAGE 36 CENTS

HANFORD, Nov. 27. (AP)—Local dealers report shipment of 1500 turkeys from Kings county, chiefly to Los Angeles for Thanksgiving trade. The returns to raisers will be approximately \$25,000. They are generally paid 30 cents a pound live weight.

DEFENSE PLANS
REVOLUTIONARYHouse to Get Reorganization
Data at SessionRepresentative James Hints
Numerous ChangesArmy and Navy Departments
Would be Merged

WASHINGTON, Nov. 28. (Exclusive)—Reorganization of the entire national defense system will be the chief objective of the House Military Affairs Committee in the coming session of Congress.

Plans along this line were made public today by Acting Chairman James of Michigan. Mr. James foresees four eventual developments in this reorganization program, although he does not pretend to say that any or all of them will occur at this session. They are:

First, abolition of the War and Navy departments as constituted at present.

Second, establishment of a department of national defense which will assume the burden of maintaining all the defense of the country, on land, at sea and in the air.

Third, a tremendous increase in the aircraft building program, which should give this country more than 5000 planes by 1935.

Fourth, creation of a procurement branch which would have charge of buying and developing munitions and other equipment for all the defense services.

ONE DEPARTMENT

Representative James sees in the national defense department the only hope for a definite unified defense which would have the good of the country at heart and not individual selfish interests. He sees it as the only solution to the present disagreement between the Army and Navy over defense of the coast line, operation of airplanes and the defense of the Panama Canal and the Hawaiian Islands.

Mr. James's plan would call for the appointment of a secretary of national defense in place of the two present Cabinet posts of Secretary of War and Secretary of the Navy. Under him would be four assistant secretaries, one in charge of the Army, one for the Navy, one for procurement and one for aeronautics. These would constitute a council for national defense.

UNIT FOR FLYERS

A separate unit of flyers would be developed. All flyers would receive training which from time to time would enable them to serve with army air forces or naval air forces. A general organization of airmen would be maintained. From this different groups would be detailed either with land or sea forces according to the needs of these branches. This would permit a concentration of air forces, either at sea or on land, which is not possible under the present organization of two air services.

Representative James traveled some 10,000 miles by airplane this year, examining the defenses on continental United States, at Panama and Hawaii. He has prepared exhaustive data on housing conditions and on the needs of various posts in the way of airplanes and flyers.

ARMY MOBILIZING WAR PLAN REPORTED

WASHINGTON, Nov. 27. (AP)—A newly adopted plan of mobilization of the manpower of the United States, in event of war, to call to arms six field armies, aggregating 3,500,000 men, was outlined by Maj.-Gen. Charles P. Summerall, chief of the staff of the Army, in his annual report submitted today to Secretary Davis of the War Department.

Under the new plan described in his report, the War Department places full responsibility upon the commanders of the nine army corps areas for the plans of and control of the mobilization within their respective areas. Instead of the present arrangement of assigning priorities and dates for the mobilization of the units, the War Department now merely will fix the major requirements.

"The revision of our mobilization plans marks an important step toward the consolidation of the manpower of the nation," Gen. Summerall declared.

"In the event of war," the general said, "the War Department will ask corps commanders for a desired number of units to be made available on a certain date, leaving matters of identity, priority, and the like to the determination of the corps area commanders."

ARMY COMMAND POST EXERCISE APPROVED

EXPERIMENT IN TEXAS TO BE REPEATED THIS YEAR IN FOUR CORPS AREAS

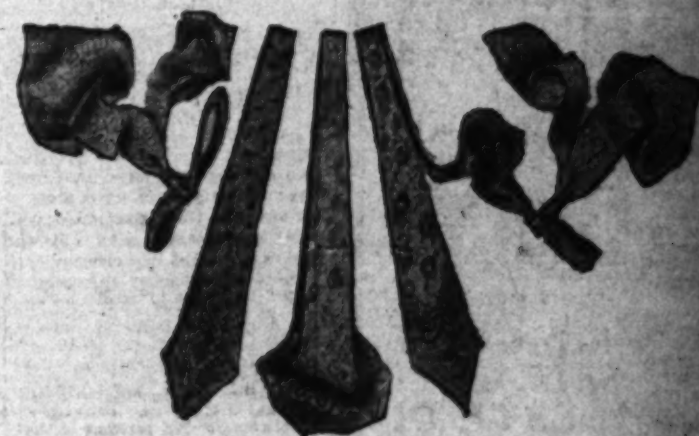

WASHINGTON, Nov. 27. (AP)—Gratified by the success of the command post exercise of the army recently held near San Antonio, Tex., the War Department announced today that similar exercises would be conducted next year in four corps areas.

The exercise was the initial step by the War Department of a program of training in high command duty. In it approximately 400 officers of the Regular Army, National Guard and organized reserves participated. It was the largest and most comprehensive exercise ever held in the United States, covering an area of about 500 square miles with command posts at full distance. Only skeletonized staffs and communication agencies were used and these proved an economical substitute for large maneuvers involving the actual use of troops.

ARIZONA NAMES MEN TO FARM BUREAU MEET

PHOENIX, Nov. 27. (AP)—C. E. Brown and Walter Strong were named by the State Farm Bureau to represent Arizona at the annual convention of the American Farm Bureau Federation in Chicago December 10-12.

The new Ford has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down a hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overflow oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

As a matter of fact, the lubrication system for the new Ford is so simple in design and so carefully made that it requires practically no service attention.

There is just one thing for you to do, but it is a very important thing . . . watch the oil! Change the oil every 500 miles and be sure the indicator rod never registers below low (L).

If the oil level is allowed to fall below low, the supply becomes insufficient to oil all parts as they should be oiled.

To insure best performance it is also advisable to have the chassis of your car lubricated every 500 miles. This has been made easy through the use of the high pressure grease gun system.

Proper oiling and greasing mean so much to the life of your car that they should not be neglected or carelessly done.

See your Ford dealer regularly. He is especially well-fitted to lubricate the new Model A car and he will do a good, thorough job at a fair price.

HOOPER'S MAJORITY IN
WYOMING PUT AT 23,449

CHEYENNE (Wyo.) Nov. 27. (AP)—President-elect Hoover received a plurality of 23,449 votes over Alfred E. Smith in the election in Wyoming, according to the official count announced here today by the State canvassing board. The vote was divided: Hoover, 53,748; Smith, 29,299.

Ma Rat Upsets
Badger Traffic

BURLINGTON (Vt.) Nov. 27. (Exclusive)—A mother rat upset traffic on Burlington's busiest corner at noon today when she crawled up the pants leg of Mike Scaffano while he was driving his automobile. Scaffano caught the rat with his hands, receiving severe bites, and let his machine crash into a telephone pole.

CHICAGO SCHOOL
FUND DEPLETED

Windy City Wants "Angel"
to Escape Shutdown

Teachers Without Salaries
Over Thanksgiving
Increase of Pupils Makes Tax
Boost Sure

CHICAGO, Nov. 27. (AP)—Reading and writing and arithmetic in Chicago's public schools today had become a matter mostly of arithmetic with the discovery that the school treasury has less than \$300,000 to meet expenses of \$4,000,000 a month until February 15 when additional funds will be available.

Already 75 per cent, the legal limit, of this year's tax levy for educational purposes has been borrowed and spent, with the result that the public school system faces a deficit of about \$12,000,000 before borrowing can be started on next year's funds, investigators announced today after looking into school finances.

A civic body name by Mayor Thompson when he assumed office today is considering one of two alternatives to keep the schools from being closed before more funds are available. One is to find some "good angel" who will loan money beyond the legal limit for the payment of bills, the other is for school employees, including all the teachers, to go unpaid until funds are available.

All declared that the schools will

B'ER FOX RESTS
AS BADGERS DIG

From Ground Too Hard for
Fur Bearers to Follow
Out Own Dens

ELKO (Nev.) Nov. 27. (AP)—Deciding that his foxes were subject to too much wear and tear while digging dens in frozen ground, E. S. Sholin, fox farm proprietor, educated several badgers to do the work.

He penned the badgers and the animals began to dig themselves out by digging in. As soon as they had dug deep enough they were hauled out and the foxes were introduced to their winter quarters.

be kept in operation but most city officials said school employees could not be induced to work without pay for three months. Either method of relief, all admitted, will be only temporary for today's figures also revealed that it has cost about \$4,000,000 more a year to send Chicago's 500,000 boys and girls to school than has been provided in tax levies.

The only ultimate way out of the situation, one investigator said, is an increased tax rate for school purposes or increased valuations. A meeting of the executive committee of the Mayor's advisers and school and city officials is to be held soon to decide what shall be done. Meanwhile school-teachers are dissatisfied because they are left unpaid over the Thanksgiving holiday.

All declared that the schools will

FEW STATIONS

Thirteen Deviate Within
500 Cycles Allowed

Four of These Located in
Los Angeles
La Fount Looks for Early
Readjustments

WASHINGTON, Nov. 27. (AP)—Harold A. La Fount, member of the Federal Radio Commission, in charge of the fifth, or Pacific Coast, zone, today said that of the stations which he described yesterday as operating off frequency he has found thirteen have deviated only within the 500 cycles allowed by the commission.

Commissioner La Fount expressed the belief that these stations soon will complete adjustments to meet the 11th list assignments exactly. The stations are KFO, San Francisco; KFI, Los Angeles; KGO, Oakland; KSL, Los Angeles; KNX, Hollywood; KIDY, Salt Lake City; KPRC, San Francisco; KFWB, Los Angeles; KFWM, Oakland, KOB, San Diego; KGW, San Jose; KSL, Salt Lake City, and KPON, Long Beach.

At the time the list of off-frequency stations was furnished to Commissioner La Fount he said they would be placed on the list of stations whose suspension would be recommended.

Don't dope
YOUR COUGH

It is not wise to use remedies which depend upon "dope" such as narcotics, chloroform, amorphous or tar products. They may stop your cough temporarily by numbing the throat, so most cough mixtures do, but this is not enough.

PERTUSSIN underlies the coughing fits which are so annoying to parents and children. It is a powerful irritant and causes the coughing fits.

RCA RADIOLA 41—Can last receiver (tuned-radio-frequency) with RCA Electro-Dynamic Speaker. A.C. electric operation from house current. Walnut finish. \$215 (See Radiogram.)

The new Radiola 41
an "all-electric" receiver
with Electro-Dynamic Speaker
for \$215

The Radio Corporation of America introduces this week another fine cabinet receiver at the remarkably low price of \$215.

It employs the popular tuned-radio-frequency circuit adopted by so many leading manufacturers of high-quality sets. "All-electric" operation, of course.

The chief feature of the "41" design is the use of the new RCA Electro-Dynamic speaker. Music and the voice are reproduced with all the full and mellow richness of the original. An unusually large "baffle board" contributes to the realism of reproduction.

Any RCA Radiola Dealer will demonstrate this new Radiola in your home. Purchase may be made on the convenient RCA Time Payment Plan.

QUETT

BYRD'S OUTFIT AGAIN UNITED

City of New York Arrives at Dunedin

Equipment Being Sorted for Base Camp

Flagship Will Depart Soon on Final Dash

BY RUSSELL OWEN

(Copyright, 1939, by the New York Times Company. All rights reserved. This article is published by permission of the New York Times Company.)

DUNEDIN (N. Z.) Nov. 27. (Exclusive)—The Byrd expedition is once more united and has been searching its collective head off to get away for the Antarctic.

Yesterday the entire crew of the City of New York, just arrived after a three-month trip, met Commander Byrd at the train when he arrived from Christ Church and shared him just to show how happy they felt at being together again.

It was a remarkable exhibition of morale, for anyone who has been accused for feeling a bit morose after such a long trip in sailing a ship through the tropics, but every man showed his happiness at rejoining his comrades and the leader.

The first day in port they spent stretching their legs and seeing Dunedin, but this morning all were at work on the piers struggling with crates and boxes, checking material and looking over the supplies which one is personally responsible for.

EVERYONE WORKS

Friends at home would have been amused over the occupations of some of the more versatile members of the expedition. Larry Gould, professor of geology, was sorting stores, lugging boxes around and moving them into convenient piles so that they might easily be selected for the various bases and ship-basis.

The assistants were Capt. McKinley, aerial photographic expert, and "Cyclone" Haines, meteorologist and the New York Times correspondent.

All were resident in Dunedin. By Gresson was busy marking boxes. Down in the other sheds Bert Balchen, Donald L. June, Dean Smith and Capt. Alton V. Parker, aviation pilots, were loading cases and pushing trucks around as if they had been stevedores all their lives.

Every man bantered his neighbor into working a little harder and setting a pace. No professional gang of stevedores could have been more rapid in their movements.

No large group of men gathered together from all over the world would show more skill, co-operation and enthusiasm and determination to conquer every difficulty lying before them.

Most energetic of all is Richard O. (Dick) Brophy, recently appointed second in command, who until the present has been in charge of the ordering and assembling of supplies for the expedition.

FLAGSHIP TO LEAVE

The complex assortment of materials gathered by him and Commander Byrd from all over the world would appear anyone but Mr. Brophy. He seems to know what is in every crate, whether he has seen it before or not, and by being in about a dozen places at once and encouraging and urging the men to greater efforts, he has proved himself a master of details.

The project of getting materials assorted and in the proper ships is unusually difficult, but Mr. Brophy has groups of men each working on being about a certain result in each division of the expedition, so there is little confusion and there is rapid accomplishment of each task.

Although the City of New York did not come out of drydock until this morning she was unloaded this afternoon and it is hoped that she will get away in three or four more days for the base.

Commander Byrd himself has supervised the major tasks of separation and all day may be seen moving around on the dock with his dog, Igloo, deciding matters of policy and making decisions which will affect the more important movements of the expedition.

Several important points were decided last night at a conference of the pilots and ship's masters. An attempt will be made to send the Explorer Bolling through the ice to the Bay of Whales twice this season instead of once, a feat which never before has been attempted.

If successful it will give the expedition a much greater opportunity of bringing the entire force of the personnel together on the task of exploration in the first season instead of waiting until the second year to get everything together.

The plan now is to send the City of New York with the bulk of the personnel, including the scientists, the aviation units and the dogs, out at the end of this week. The ship will carry one plane and the work of exploration and the laying of the bases will be begun as soon as she arrives at the Bay of Whales.

CREWS REORGANIZED

The Bolling will follow about Christmas time, when the ice becomes more rotten and broken up, carrying the other planes, houses and supplies. When the Bolling arrives the complete unit for scientific and aviation work will be on the ice equipped for the winter.

Commander Byrd is much pleased at the possibility of having more men there this year, but even if the Bolling does not get through the second time the original group of twenty-five men forming a complete organization will be able to spend the winter and prepare for the spring and scientific investigations next year. If the second trip is made the party at the base will be the largest ever assembled in the Antarctic.

A few changes have been made in the crews of the ships and men are being shifted from one to the other to make a more efficient working force on each, although the Bolling has been stripped of superfluous workers and all available accommodations of the City of New York utilized to the utmost.

Questions of rank are forgotten in mutual accommodations and officers camp alongside camp passers in the forecastle with the utmost good humor. There are no formalities of precedence on an Antarctic expedition where each man's life may de-

MOTORIST GETS GAS—AND HOW

Pull on Chain in Oakland Tube Brings Firemen and Riot Squad

OAKLAND, Nov. 27. (Exclusive)—Hugh Jackson's automobile picked the bottom of the new Oakland-Alameda estuary tube to run out of gasoline. A woman motorist suggested:

"See that red light there? Pull the chain underneath it and you'll get gas."

Jackson pulled the chain. He got gas—eight carloads of it, all in fire trucks, and four more in police automobiles bearing a riot squad of sixteen officers. The rescuers let Jackson go with a reprimand.

pend on the effort and co-operation of everyone else.

The spirit of mutual tolerance and good will has become marked since the entire expedition got together, a factor which will mean much for the success of the expedition cramped quarters.

Mineral Oils in Foods Given Federal Ban

WASHINGTON, Nov. 27. (AP)—The Department of Agriculture issued a statement today declaring all foods containing mineral oil are adulterated, and that "this is expressly prohibited by the Federal Food and Drug Act."

The statement said:

"Mineral oil is not digested and assimilated; it is not a food, and it has no place in food, either as a substitute for edible oil in such products as mayonnaise, or for other purposes, lowers the food value of the finished product. This is expressly prohibited by the Federal Food and Drug Act. Products containing mineral oil intended for human consumption are adulterated and are prohibited from sale."

Mineral oil is not digested and assimilated; it is not a food, and it has no place in food, either as a substitute for edible oil in such products as mayonnaise, or for other purposes, lowers the food value of the finished product. This is expressly prohibited by the Federal Food and Drug Act. Products containing mineral oil intended for human consumption are adulterated and are prohibited from sale.

Large Sam Still Needed to Save 'Old Ironsides'

WASHINGTON, Nov. 27. (AP)—Two hundred thousand dollars remain to be raised in the Navy Department's nation-wide "save Old Ironsides" drive.

Figures made public by the department today show a total of \$883,392.81 collected since March 1, 1938, for preservation of the historic frigate Constitution now in the Boston Navy Yard. The department estimated that \$900,000 will be needed.

Chicago's contribution of \$80,465 is the largest from any city. New York is second with \$49,565, Boston third with \$46,518, and Philadelphia fourth with \$12,237.

More than a million copies of paintings of the Constitution have been sold through the Boston Navy Yard, and school children of the country have contributed \$154,696.

Condemned Man Fights Hanging

SAN FRANCISCO, Nov. 27. (AP)—John Joseph Malone, Los Angeles slayer awaiting execution in San Quentin, sought to escape the gallows today by applying to the Supreme Court for a writ of habeas corpus.

Malone is scheduled to hang on December 1, one year after he is said to have killed his wife. The application for the writ attacks the constitutionality of the new State law which permits a plea of not guilty by reason of insanity.

WATER SURVEY VOTED

Arizona Senate Passes Bill on Sum to be Matched by New Mexico

PHOENIX, Nov. 27. (AP)—The State Senate, under a suspension of the rules, today passed Bill No. 1, by Senator Kimball, appropriating \$6250 to match a similar New Mexico appropriation, to "permit investigation of the best methods of using the waters of the upper Gila River and its tributaries, above the San Carlos reservoir." Use of the money depends on an appropriation of \$12,500 by Congress at its session starting Monday.

BERKELEY OFFICER CALLED BY CHINA

BERKELEY, Nov. 27. (AP)—To reorganize the police department of Nanking, China, and its 3000 celestial cops will be the privilege of Capt. A. J. Woods of the Berkeley Police Department. City Manager Edy today granted a six months' leave of absence to Woods at the request of Robert Norman, representative of the Central Chinese government. Norman said the fame of Police Chief Volmer had penetrated to China and that Chinese authorities regarded the Berkeley police head as the outstanding figure in criminology on the Pacific Coast.

ASSERTED CONFIDENCE GANG LEADER TAKEN

VANCOUVER (B. C.) Nov. 27. (AP)—Asserted by police to be the head of an international ring of confidence men, Martin Hermann has been arrested here.

Hermann is said to be an expert chemist and leader of a band of men who have posed as dye smugglers, claiming connection with a similar organization in the United States. He is said to be wanted in Winnipeg in connection with a \$4000 swindle last June.

GALE IN EUROPE GROWS CALMER

Belgium and Holland Face Repairs of Dykes

Low Countries Under Water; Homes Destroyed

Fifty-eight Reported Dead in Netherlands

LONDON, Nov. 27. (AP)—The British Isles today had a welcome respite from the gales which in recent days ravaged almost the whole of Europe. In Belgium and Holland there also are signs of abatement in the tempest, but those two low-lying countries are faced with a huge task in the repairing of damage or in fortifying dykes which threaten to give way with the next high tide. Channel shipping still is under a heavy handicap tonight.

The "low countries" were the worst sufferers from the storm. Dykes went down along the coast and on tidal streams and tempest-tossed sea waters, forced even higher by unusual tides, swept over wide stretches. Houses were demolished, fields inundated, live stock drowned and outright suffering inflicted on large sections of the population.

HOLLAND'S LOSS LARGE

The death toll in Holland alone is estimated at fifty-eight. This, however, included twenty-seven members of the crew of the Italian steamer Salerno, which went to pieces off Zaandvoort, where she had grounded Sunday night. The Italian sailors perished almost without a chance of rescue.

Several lifeboats tried to put out to the wreck, but were thrown back to shore. One lifeboat capsized, drowning one member of its crew. Another man was so seriously injured he died several hours later.

With the surfmen unable to reach the wreck, military airplanes tried to drag lifeboats across the stranded vessel, but were unsuccessful.

VIOLENCE GROWS LESS

Brussels reported tonight that as the gales decreased in violence the situation became less critical in the flooded sections, especially at Antwerp, where warehouses no longer are under water.

Several weeks, however, will be needed to drain flood waters from some of the fields. There is six feet of sea water in many places. The River Meuse, which had risen six feet in twenty-four hours, receded slightly, but additional heavy rains today caused further alarm throughout the middle country of Belgium. The total damage will amount to many millions of francs.

The government has created an emergency fund for relief of storm and food victims.

BELOUGO HARD HIT

The Belgian town of Termonde, Gremberghen and Moerske are completely under water and provisions are becoming scarce for the beleaguered inhabitants.

Antwerp itself is in a serious plight from a famine of drinking water, due to the breaking of pipes undermined by the floods. Potable water sold at four cents a quart while exorbitant prices are charged for mineral waters. Many large plants, such as General Motors and Bell Telephone, started water cut-off.

Restaurants and hotels are running low on food supplies. From Antwerp to Vlissingen along the banks of the Scheldt the countryside for miles is under from four to six feet of water. Food is carried to the marooned people, some of whom were taken off after spending thirty hours in isolation. Six drownings have been reported.

The gales have reached the Mediterranean and Eastern Europe, with violent storms raging in the Aegean and Black Seas. Several vessels have been unable to make the port of Piraeus and others were damaged in collisions.

Constantinople suffered heavily from the gale which has blown for three days in that district and in Asia, destroying telephone and telegraph communications and hampering shipping in the Bosporus. Similar reports have been received from the Black Sea and the Sea of Marmora.

HIGH TIDES SUBMERGE MANY FIELDS IN FRANCE

PARIS, Nov. 27. (AP)—The terrific storm which has been pounding Western Europe for several days has abated at sea, but high tides have backed up the rivers, submerging much property.

Belated reports state that heavy damage was caused by windstorms in the shipping was almost a standstill. The waterlogged freighter Admiral Ponty was being towed with much difficulty by the tug Iroise, that another tug has gone from Brest to aid.

The first snow fell today in Genoa, France, and there was sleet in Paris, but the weather man said the worst is over.

White House Roof Sagging

WASHINGTON, Nov. 27. (AP)—Workmen were called into the White House executive offices today to patch the ceiling in the Cabinet room, where a slight sag was noted and little chips of paint and plaster began to fall.

In the main reception room of the office building which adjoins the White House about two square feet of paint fell from the dome in the ceiling.

NEBRASKA BANDIT FLEES WITH CASH

SMITH FIELD (Neb.) Nov. 27. (AP)—The State Bank here was robbed today by a man who scooped up some cash and other securities and fled in a coupe. Officials said a "large amount" was taken.

CROSSWALK REQUESTED

A request for a crosswalk in Broadway opposite 542 South Broadway was received by the Council yesterday from the Broadway Association in the United States.

For action to the Board of Police Commissioners and the Traffic and Street Lighting Committee.

Nurse Martyr in Plague War

TWIN FALLS (Idaho) Nov. 27. (AP)—Devotion to her work of mercy in administering to spinal meningitis patients in the County General Hospital contributed to the death here today of Mrs. Sue St. Martin, a nurse, who, hospital authorities stated, despite an attack of blood poisoning, insisted on answering physicians' emergency calls for nurses to help check the spread of meningitis in Twin Falls county.

Dr. A. F. McCluskey died last night as a result of the disease which has claimed a number of lives in the county during the past two weeks.

CHRISTMAS LOW FARES ANNOUNCED

Railroads Unite to Make Journey for Family Meets Easily Managed

For the benefit of those away from home who wish to eat their Christmas turkey with the folks, and for others who may wish to visit with friends or relatives over the holiday, special low excursion fares on account of Christmas will be available, according to announcement by traffic officials of the Southern Pacific, Santa Fe and Union Pacific railroads.

Tickets will be on sale December 21 to 28, inclusive, with final return limit of January 7, 1939. Fares will be one first-class fare and two-thirds for the round trip, where the regular one-way fare is \$30 or less. Stopovers will not be allowed. The same arrangement will be in effect on account of New Year's, sales dates being December 26 to January 1, with final return limit of January 7, 1939.

SEAVEY EXPECTED TO CONTINUE ON BOARD

SACRAMENTO, Nov. 27. (Exclusive)—There were rumors at the capitol today that Gov. Young will reappoint Clyde L. Seavey as a member of the State Railroad Commission when his term expires the end of next month. The term is for six years and the salary is \$8000 a year. Seavey is a former member of the State Board of Control and was city manager of Sacramento when appointed to the Railroad Commission by ex-Gov. Stephens.

Official Named as Bribe Taker

EAST ST. LOUIS (Ill.) Nov. 27. (AP)—Archie Bonwell, State's Attorney of Williamson county, was charged in a Federal indictment returned today with having been "cut in" on thousands of dollars by the Birger gang from resort keepers and bar-tenders in his county.

Bonwell also was accused of conspiracy to violate the Volstead Act.

CHICAGO POLES HONOR HOMELAND LEADERS

WARSAW (Poland) Nov. 27. (AP)—Three delegates of the Polish National Alliance of Chicago, Messrs. Sypniewski, Kurdziel and Ruszkiewicz, have arrived here, bringing honorary memberships for several members of the Polish government, including President Moscicki and Marshal Pilsudski. After a series of audiences they will go to Poznan.

CHINA PREPARES
JAPANESE LEVYRefuses to Wait Longer for
Tariff PactNew Rates Effective on
February 1Serious Complications May
Follow Decree

SHANGHAI, Nov. 27. (Exclusive)—The Chinese government has decided not to wait any longer for the negotiation of a tariff treaty with Japan, and will announce the new tariff schedules on December 1 to become effective on February 1 of next year.

This announcement was made today by T. V. Soong, the Nationalist Finance Minister. He said the government's imperative need for funds has made impossible further delay of the Chinese tariff autonomy program and since practically all the other powers excepting Japan have either negotiated new treaties similar to the precedent set by the United States, or have signed their willingness to do so, the Chinese government has decided to proceed, believing the Japanese finally will realize China's needs.

COMPLICATION LIKELY
In the event that the government carries out the foregoing intention serious complications are likely. It was learned today that the Japanese already have refused to pay the 2 1/2 per cent surtax authorized by the Washington conference at Tientsin and Dairen ports, which now are controlled by the Japanese military. As a result of this refusal, American and other foreign merchants are suffering under a serious handicap, which will be aggravated when further increased surtaxes, averaging 27 per cent, become effective.

LOOMS INVOLVED
The chief stumbling block to Japan's agreement on tariff autonomy is based on the Chinese refusal to refund the defaulted Japanese Nishihara loans from the increased tariff revenues, and also the Chinese refusal to consider other outstanding Sino-Japanese questions pertaining to Manchuria as a bargaining point, in order to obtain Japanese consent to the tariff autonomy program.

The Chinese government has called an important political conference to meet at Nanking early next month to consider the question arising from the Sino-Japanese deadlock and also the question of troop disarmament and domestic financial reforms.

MARION DAVIES NAMED
IN WILL OF MOTHER

NEW YORK, Nov. 27. (P)—Marion Davies, film actress, whose real name is Marion Douras, will receive half of the residuary estate of her mother, Mrs. Rose Douras, under the terms of the mother's will, filed here today. Mrs. Douras, wife of Magistrate Bernard J. Douras, New York, died on January 25, 1926, at her Beverly Hills (Cal.) home. The petition for probate said the estate was valued at \$10,000 and does not exceed \$10,000. The remaining half of the estate was divided equally between Mrs. Douras's three other daughters, Rina Douras Lederer, San Diego, Cal.; Ethel F. Douras, Beverly Hills, and Rose Marie Vancleve, Paris.

BUT WHO WANTS
TO SEE THEM?San Francisco Police Will
Wear White as They'll
Shine Through FogSAN FRANCISCO, Nov. 27.
(Exclusive)—The "white wings" are in for competition, at least sartorially. Supervisor Gallagher has started a movement among his colleagues to have police officers wear white uniforms at night so they can be seen when it is foggy.LAND SAKES,
MA EARTH
GROWS FATOld Lady Now Weighs 592
Quintillion Tons More
Than She Thought She Did

NEW YORK, Nov. 27. (Exclusive)—In these days when to reduce is one of the primary ambitions of feminine existence, Mother Earth has just learned she is a trifle of some 592,000,000,000,000,000 tons heavier than had hitherto been known.

The earth was last weighed about thirty years ago by an English scientist and a retired Jesuit. These two, working independently, one in Great Britain and the other in a monastery in Bohemia, came to the same conclusion, and placed the weight of the earth at about six quintillion—the figure six followed by twenty-one ciphers—tons.

Five years ago Dr. Paul R. Heyde of the United States Bureau of Standards began the delicate task of weighing the earth in a subterranean chamber in Washington, D. C., in an attempt to substitute exact figures for at least a few of the twenty-one ciphers in his predecessors' estimates. His results, given in a speech at Cooper Union to-night, under the auspices of the Peoples' Institute, indicate that the earth weighs a little more than six sextillion, 592 quintillion tons.

OAKLAND REPORTS
ENORMOUS ADVANCES

OAKLAND, Nov. 27. (Exclusive)—In a resume of municipal accomplishments Mayor Davis informed the City Council that in the last twelve years population has doubled, school attendance has tripled, banks have increased numerically 900 per cent and bank clearings 543 per cent, industries have grown 300 per cent, theaters 700 per cent, harbor tonnage nearly 1000 per cent and taxes have been decreased 20 per cent.

ARCHITECT KILLED
IN TEN-STORY PLUNGE

CHICAGO, Nov. 27. (P)—Irving Dickinson, 60 years of age, architect and structural engineer, was killed when he either jumped or fell from the tenth floor of a building at Michigan Boulevard and Chicago River today. A note found in his pocket led police to believe he committed suicide. Dickinson's wife is believed to be in New York City.

FASCISTI FOES
SENT TO PRISONSecret Black-Shirt Court
Deals SentencesTerms Vary from One to
Twenty YearsCommunist Activities Put
Many in Cells

ROME, Nov. 27. (Exclusive)—Premier Benito Mussolini's secret military tribunal for the defense of the Fascist State has sentenced 110 men and women to prison islands for terms varying from one to twenty years since October 20, last, according to the tribunal's statistics published in the Italian newspapers.

The aggregate of these sentences total about three centuries. In most of the cases the convicted people were attempting to revive Communist activities subversive to the State.

The special military tribunal was established two years ago and is presided over by the black-shirt military general. It deals only with political crimes against the State. Its sittings are secret.

The people sentenced ranged from the Alps to Sicily, though most of them were from the north. The biggest batch, fifteen, was sentenced on the 16th inst., including some women. The next day, 200, were sentenced in this batch was sentenced to twenty years. Among the women sentenced is Laura Cavallotti, 28 years of age, of Turin, who was sentenced to one year for secretly printing handbills inciting revolution against the Fascist state.

The military tribunal now is trying a batch of fifteen men from Calabria, charged with revolutionary activities. According to present advice all are certain to be sentenced. Italian newspaper reports indicate that the tribunal has sentenced an average of about 100 people monthly.

IDEA GETS ACTION

"Upstairs" Airport Proposal for Bay
City to be Studied

SAN FRANCISCO, Nov. 27. (Exclusive)—Recent suggestion of Acting Postmaster Todd that a landing field for airplanes be constructed above the Southern Pacific train shed at Third and Townsend streets for use as a "downtown" air mail field, was crystallized into action today by the Civic League of Improvement Clubs. A resolution was passed sanctioning the appointment of a committee to investigate feasibility of the project.

Projected plans have gone so far as to consider an airfield 1200 feet wide and 4000 feet long, not only possible but within the range of active probability. The overhead field would be only five minutes from either the Central Postoffice or the Ferry Postoffice.

WOMAN WHO TOLDED
VERDUN'S BELL DIES

NEW YORK, Nov. 27. (P)—Mrs. Louise Fleming, Army hostess who rang the Verdun cathedral bell announcing the signing of the armistice in 1918, died yesterday at Brookville, Conn. Army officials at Governor's Island were informed today. Her work won her the French Croix de Guerre.

WILL LAYS FIRE ON DEMOCRATS

Alabama Leaves Estate to Relatives Who Have Never
Voted for Traditional Party of South, and, if All Have,
Republican Newspaper Will Be \$4000 Heir

BIRMINGHAM (Ala.) Nov. 27. (Exclusive)—Perhaps one of the most peculiar wills ever written was the one left by Darling Gardner, 60 years of age, member of a pioneer Alabama family, who died at Gadsden recently.

Under the provisions of this will the \$4000 which Gardner had saved will be divided equally among his two brothers, two nephews and a niece, provided none of them has ever voted for a Democrat for office. If it is shown that any of the heirs ever voted for a Democrat, he or she will be disinherited. In case all of them are politically disqualified, the entire estate will be set aside for the "best Republican newspaper in North Carolina" as an endowment fund. "The best Republican newspaper in North Carolina" is to be determined by the Republican State executive committee of North Carolina.

It was known that Gardner was a Republican. For a number of years he was secretary of the county Republican executive committee. No one suspected, however, that the quiet little man felt so bitterly toward the Democratic party.

Gardner was a bachelor. He lived alone and was found dead in bed one morning by a neighbor.

Women Injured
in Panic Aboard
Bay City Trolley

SAN FRANCISCO, Nov. 27. (P)—Two women were injured here today in a panic which started aboard a Market Street Railway car after the control box caught fire, leaving the motorman powerless to stop the heavy car, which ran four blocks down a hill near the mission viaduct.

The excited crowd jammed the back entrance, and the motorman was obliged to fight his way to the controls at the rear end. Several passengers were injured and attempted to crawl out, and one unidentified man jumped from the rear platform.

Mrs. Walter Hodges and Mrs. Joseph Haskage, both of San Francisco, were cut on the hands by broken window glass.

The motorman halted the car quickly after reaching the emergency brake on the rear platform. The fire was subdued with little damage.

Emperor Ends
Throne Rites

TOKYO, Nov. 27. (P)—A cloudless but chilly day with brisk winds greeted Emperor Hirohito when he returned to the capital late today, having completed the rites of his enthronement.

Because she was indisposed Empress Nagako had a separate cortege which was forty meters behind the main procession. The women of the imperial family, including Princess Chichibu, the former Selauko Matsudaira, accompanied the Empress. Although the cold weather cut down the crowd, it was estimated that 150,000 witnessed the Emperor's return.

LIGHTHOUSE DETAILED

Government Office Gives Facts on
Most Northerly Beacon

SAN FRANCISCO, Nov. 27. (Exclusive)—In response to several inquiries, the local district office of the United States Department of Commerce announces that the northernmost lighthouse in the world is 107 miles north of the Arctic Circle at Point Hope, Alaska.

It is the only lighthouse within the Arctic Circle and is operated from August 1 to May 31 because the constant sunshine from May 1 to August 1 makes operation at that time unnecessary.

BERKELEY LAYS CLAIM
TO LOWEST FIRE LOSS

BERKELEY, Nov. 27. (Exclusive)—City Manager Edy claims for Berkeley the lowest per capita fire loss in the United States on the basis of figures compiled for the first ten months of the current year. Losses in that period aggregate \$40,000 on an estimated population of 80,000, or a per capita loss of 50 cents. In the year of 1927 the per capita destruction by flames was at the rate of \$2.25.

HONEYMOON AUTOISTS
KILLED IN ACCIDENT

SHAWNEE (Okla.) Nov. 27. (P)—Mr. and Mrs. Curry Davis of Oil Hill, Kan., were killed, and Mr. and Mrs. Frank Perry of Eldorado, Kan., were seriously injured when their motor car in which they were riding plunged off a bridge near Tecumseh, Okla., tonight. The two couples were on a "double honeymoon."

BELGIUM WILL PAY
TRIBUTE TO JACOQUES

BRUSSELS, Nov. 27. (P)—Most foreign governments, and the army commanders have sent telegrams of sympathy on the occasion of the death Saturday of Gen. Jacques, noted Belgian World War army commander, who will be given a national funeral Thursday, such as was given to Cardinal Mercier and Gen. Lemane.

DENVER MAN TRIED
ON GEM PURCHASE

DENVER, Nov. 27. (P)—Harry (Toots) Grimes, wealthy sportsman and business man, went on trial today on a charge of receiving stolen goods. The prosecution charges Grimes purchased jewels that were a part of the \$100,000 worth of jewelry stolen from W. H. C. Brown, jewelry salesman, in Salt Lake City in October, 1927.

GAME BIRDS THRIVING
ON POISONED MEAT

TONOPAH (Nev.) Nov. 27. (P)—Thriving on a diet of poisoned meat set out for gophers and squirrels, quail and other game birds are multiplying rapidly in this district. Immune to the poison, quail, pheasants and prairie chickens are seriously interfering with the work of game wardens intent on extermination of rodents.

THEATERS LOSE
SUIT IN QUEBECLaw Prohibiting Children
to Attend UpheldLegislation Resulted from
Montreal HolocaustCase Will be Appealed to
Highest Court

MONTREAL, Nov. 27. (Exclusive)—Right of the Quebec Legislature to enact a law prohibiting children under 18 years of age from entering all the motion-picture theaters of the Province was upheld by the Superior Court here today. Writs of prohibition in favor of thirty-five theater owners were dismissed by the judgment, which was delivered by Justice Demers.

Thus ends the first round of a concerted attack by the moving-picture interests, backed by a substantial body of public opinion, against a law enacted by the Quebec Legislature at its last session early this year, and considered one of the most severe pieces of legislation ever to be passed against motion pictures. The law was proposed and adopted following a fire and panic in a local film theater last year, when seventy-eight children lost their lives.

Many residents of the Province, particularly the English-speaking, are opposed to the law, as whether accompanied by their parents or not, no children under 18 can be admitted to a picture under the law adopted this year. It means the loss of thousands of patrons and the theater men took action to have the law declared unconstitutional. Today's judgment upholds the law. Notice of appeal was given by the theater owners, and they will carry the case to higher courts.

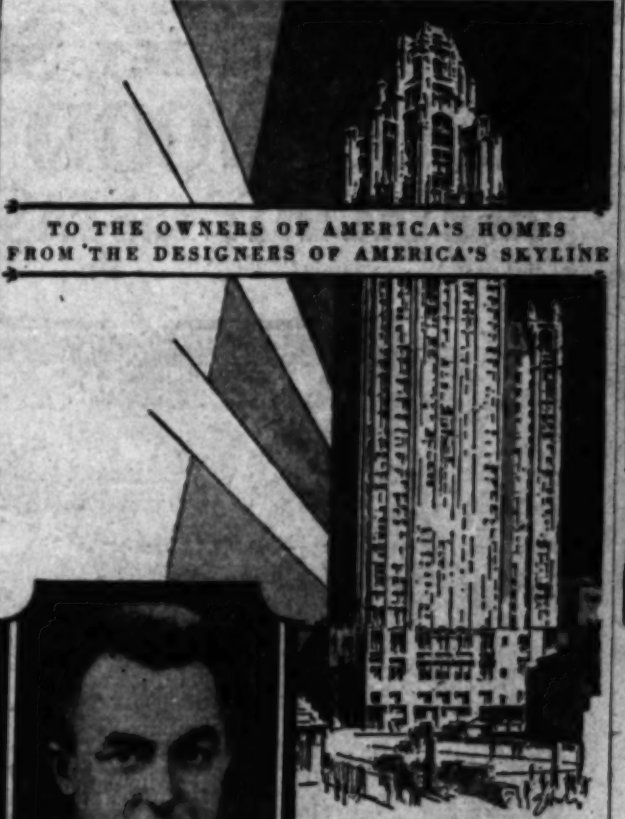

TOLERANCE LEAGUE
ORGANIZING IN EAST

BALTIMORE, Nov. 27. (Exclusive)—Prominent Jews, Catholics and Protestants of Baltimore are organizing a nonpolitical and nonsectarian organization to be known as the League for Inter-religious Good Will. Its purpose will be creation of better understanding and tolerance.

The league will be composed of 600 members, 200 from each religious group. Among directors representing the Protestant groups are a Lutheran, a Presbyterian, a Baptist, a Methodist, an Episcopalian and a Disciple of Christ.

BLINDING SNOWSTORM
IN CENTRAL ILLINOIS

PANA (Ill.) Nov. 27. (Exclusive)—Central Illinois was visited by a blinding midwinter snowstorm that began early this morning and continued for six hours. It was a record, the local Weather Bureau states.

Raymond Hood, of Raymond Hood, Godley & Posthous of New York, is one of America's great architects. The Tribune Tower, Chicago, above, is a notable example of his work.

"There are no repairs of a building more annoying or more costly than those that are necessitated by rusting metals." *Raymond M. Hood*

RAYMOND HOOD, like the big majority of America's leading architects, recommends the use of Copper, Brass and Bronze materials in all buildings—modest homes as well as towering commercial structures—as the only way of guarding against the expense of repairs and replacements resulting from rusting metals. In his recent letter Mr. Hood says further—

"Such repairs never occur where Copper and Brass have been used and are almost inevitable after a certain number of years where iron materials have been installed."

If you plan to build, buy or remodel, be guided by the advice of these famous architects. Insist on Brass pipe, Copper flashings, gutters and downspouts and solid Brass or Bronze hardware and lighting fixtures. Don't accept substitutes. Other metals may resist rust for a few years. But Copper, Brass and Bronze are rust-proof. They give unfailing service under the most severe weather conditions.

Write our Building Service Department for full information. There is no obligation.

Considering their life-long service and their absolute protection against rust, Copper, Brass and Bronze are not expensive even in the construction of small homes.

CHERRY AND NUT SALAD
Remove the seeds from one can of Royal Ann cherries and fill the cavities with pecans. Mix the cherries with a salad dressing composed of mayonnaise and whipped cream in equal parts. Serve on crisp lettuce leaves.

NUT PLUM PUDDING
1 1/2 cups sugar.
1 cup butter.
1 cup flour.
1 cup sour milk.
1 teaspoon soda.
1 teaspoon baking powder.
1/2 teaspoon cinnamon.
1/2 cup pecans.
1/2 cup raisins.
Yolks of 2 eggs.
Use whites of eggs for frosting. Bake.

NUT NUT PIE
1 cup chopped apples.
1/2 cup sweet raisins.
1 cup chopped Brazil and almonds.
1 cup currants.
1 cup sliced citron.
1 cup fine dry bread crumbs.
1 cup molasses.
1 cup sugar.
1 cup finely chopped nut.
1 cup sweet cider or grape juice.
1 teaspoon clove.
1 teaspoon allspice.
1 teaspoon salt.
1 teaspoon cinnamon.
Mix well and use as filler for double crust pie.

HOOVER TO CUT FARM AID KNOT?

Congressional Leaders Badly Divided on Relief

President-elect Placed in Unusual Position

Coolidge Can't Decide What Majority Favors

WASHINGTON, Nov. 27. (AP)—Herbert Hoover may be called upon by some Congressional leaders to take a hand in the controversy raging at the Capitol as to whether farm relief shall be disposed of at this approaching short session or await the leisure of the extra session promised by the President-elect if action is not now forthcoming.

Returning from his South-American cruise probably in January, it appears likely Mr. Hoover will find himself in this unique, if not embarrassing, position. While Calvin Coolidge still is at the helm.

From the White House word came today that Mr. Coolidge has been unable to decide what the majority opinion of the wrangling Congressional leaders appears to be on this question. He feels that agreement on a farm bill by members of Congress and others interested in the legislation is the first prerequisite to immediate action.

VIEWS SOUGHT

And this is what is worrying Congressional leaders. They feel that Hoover should indicate his views on the modified agricultural relief measure drafted by Chairman McNary of the Senate Agricultural Committee before any serious attempt is made to capture time in the short session for consideration of this subject.

Involved in the question of an extra session and farm relief is the problem of tariff revision. There seems to be general unanimity that there should be tariff revision—and that this revision constitutes a part of any farm relief program—but there are those who want an emergency tariff act passed at the short session, others feel it should be taken up in an extra session of the new Congress next spring, and some say that an extra session for this question early next fall would be soon enough. Still others feel tariff revision can take its place at the next regular session a year hence.

Meanwhile the scattered forces at the Capitol are inquiring eagerly if there is a spokesman in Washington for Hoover. The answer comes just as often as it is asked that there is apparently no spokesman for the President-elect.

IMPORTANT IN CAMPAIGN

It is felt at the Capitol in administration circles that the farm relief and tariff issues were among the most important of the Hoover campaign and that inasmuch as he probably will be held responsible for legislation on the two questions, the President-elect should be consulted and should indicate his views.

Arrival of additional members of Congress today failed to bring a decision any nearer. Senator Watson of Indiana, the prospective Republican leader of the Senate to succeed Vice-President-elect Curtis, lined up with Speaker Longworth against an immediate extra session and for one in the fall, if any is necessary, on farm relief.

There are indications that he is one of those who would like to learn the views of Mr. Hoover on the new farm relief measure drafted by Senator McNary of Oregon. But the Hoover forces seem to be divided. Senator Borah of Idaho is insisting on the extra session this spring for farm relief. Senator Capper of Kansas says no and wants farm relief and an emergency tariff act passed this session.

Over at the House, where tariff revision must originate, Chairman Hawley of the Ways and Means Committee, which handles this legislation, said he believes tariff revision will be accomplished next year but he did not indicate whether he will favor a special session soon after March 4 or next fall.

Fake Princess Given Sentence

BERLIN, Nov. 27. (AP)—A kitchen maid who posed as "Princess Margaret of Prussia" and borrowed money right and left besides charging all sorts of apparel at various shops was sentenced to two years' imprisonment by a court at Erfurt today. As she had been in custody for one year, she will serve only an additional twelve months.

The accused woman is Maria Barth. She is 41 years of age, and she induced a number of persons to believe that she was a daughter of Queen Sophie of Greece, that she had been married to King Ferdinand of Bulgaria and that after that union had been annulled she had been married morganatically to the former Crown Prince of Germany. It was from this last imaginary union that she said she had the right to call herself "Princess Margaret of Prussia."

KIP RHINELANDER'S SISTER MARRIED

BURLINGAME, Nov. 27. (AP)—Mrs. Adelaide Rhinelander Chagnon, 28 years of age, of New York, became the bride of John Livingston Thomas of San Francisco at a quiet ceremony at Hillsborough today. The wedding was at the home of Mr. and Mrs. Lewis G. Carpenter. It was Thomas' third and his bride's second matrimonial venture. Mrs. Thomas is a sister of Leonard Kip Rhinelander.

CHAMPION BREAKS OWN CORN-RAISING RECORD

COLUMBUS (O.) Nov. 27. (AP)—Breaking his own three-year record as world-champion corn raiser, Ira Martin, Hardin county, produced 176 bushels on ten acres this year, it was announced by the college of agriculture at Ohio State University today. His highest previous yield was 168.66 bushels to an acre in 1925.

LIPTON REVEALS WEDDING CREED

One Wife Not Enough for Famed Yachtsman—But Three or Four

CHICAGO, Nov. 27. (AP)—Even at 78 years of age Sir Thomas Lipton is quite youthful enough to marry, but the rub comes, he confided today, when he considers that he would have to restrict himself to one wife.

There was a twinkle in his eye as he explained why he never had married.

"If I could have wives wholesale I might consider it even now," the veteran yachtsman said. "No, sir, I've never married because I cannot reconcile myself to the thought of just one wife. Now with three wives, or four—"

WOMAN BEATEN TO DEATH

KANSAS CITY, Nov. 27. (AP)—Mrs. Calena Lapetra, 28 years of age, was found beaten to death in bed at her mother's home today. Police issued an arrest order for her husband, Tony Lapetra, a coal and feed peddler.

GARNER VOTED EXONERATION

Texas Democrat Cleared in Election Case

Taxpayers' League Blamed for Charges

Opponent Lays Retraction to Libel Threats

McALLEN (Tex.) Nov. 27. (AP)—The House Congressional committee from Washington closed its investigation of Representative Garner's successful campaign for reelection today and vouchsafed him an expression of confidence against charges of excessive campaign expenditures and illegal Mexican voting brought by his defeated primary opponent, Ed Hardin of Mission.

The investigators then turned to further inquiry into asserted assaults on the purity of the ballot in Hidalgo county general election.

Garner, Democrat, charged the American Taxpayers' League was behind the fight against him because of his advocacy of a Federal inheritance tax.

Hardin testified he had retracted charges against Garner only after he had been threatened with numerous indictments for libel because he did not have sufficient money to fight what he described as the "ring" supporting Garner.

DEER BECOMING SO NUMEROUS THAT HERDS FACE STARVATION

WASHINGTON, Nov. 27. (AP)—Deer are growing so numerous in several of the national forests in the West that they are in danger of starvation—and most of their plight is due to their protection by man. Everywhere on the national forests, the Forest Service pointed out today, the number of deer is increasing.

Man, by his slaughter of mountain lions, wolves, lynxes and other prey animals, has destroyed nature's balance. Now the chief natural checks on the deer are famine and disease, the Forest Service said.

When an excessive number of animals are seeking sustenance on a short forage crop or a hard winter results in a struggle for life under which the weaker animals often succumb in large numbers.

At present, the Forest Service said, the most acute situation on any national forest is on the Kaibab Forest in Northern Arizona. The deer herd in this forest, numbering over 28,000, has outrun its food supply so that fawns born the previous year have died. A somewhat similar situation threatens the elk herds of the Yellowstone region in Wyoming and Montana.

Rosenwald Aids Hebrew College

CINCINNATI, Nov. 27. (AP)—Julius Rosenwald, philanthropist and merchant of Chicago, today gave \$500,000 to the Hebrew Union College, rabbinical training school here. The gift was made known by the college board of governors after it voted acceptance.

Mr. Rosenwald attached a provision to his pledge requiring that the college endowment fund must contain \$2,500,000 besides his \$500,000 by July 1, 1939, and that \$5,000,000 of the \$4,000,000 shall be available in cash or in pledges of not more than ten annual installments.

The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

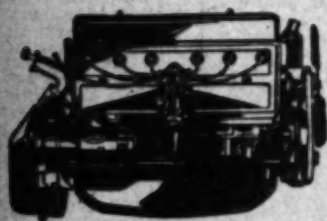

Although the whole country was looking forward to its presentation with eager expectation—

—although it had been freely predicted that the new Chevrolet would represent the most spectacular of all Chevrolet achievements—

—the announcement of The Outstanding Chevrolet of Chevrolet History—a Six in the price range of the four—has proved to be the greatest sensation of America's greatest industry!

Everyone was familiar with Chevrolet's brilliant record of success. Everyone knew that Chevrolet had become the world's largest builder of automobiles by establishing, year after year, new standards of performance, beauty and quality in the low-priced field. But no one ever dreamed that it would be possible to provide, in this price range of the four, a six of such startling performance, such impressive appearance and such luxurious comfort.

When you learn the full details of this sensational new automobile, you will realize that Chevrolet has provided these qualities of six-cylinder smoothness, reserve power and flashing acceleration which heretofore could only be enjoyed in cars of much higher price.

Chevrolet's new six-cylinder fully enclosed valve-in-head engine has a high compression non-detonating head. Its piston displacement is 194 cu. in. and it develops 46 H. P. at low engine speed.

The Outstanding Chevrolet is powered by a new six-cylinder valve-in-head engine of advanced design. Over one hundred different engines were created, built, tested and improved during the past four years before the present design was adopted. Millions of miles of testing at the General Motors Proving Ground and in various parts of the country have definitely established its stamina, dependability and economy under every possible condition of usage.

It develops 32% more power than the previous Chevrolet motor and affords sensationally greater speed and faster acceleration. And despite this vastly improved performance, an economy averaging better than twenty miles to the gallon of gasoline!

Marvelous new bodies by Fisher are an outstanding feature of the Outstanding Chevrolet.

Numerous engineering advancements make possible these amazing performance results. A new non-detonating cylinder head provides high compression performance without special fuels. The new hot-spot manifold assures complete fuel vaporization. The new and larger carburetor incorporates an automatic acceleration pump, and an improved venturi choke for quicker winter starting while a new AC gasoline pump, with filter, assures adequate fuel supply no matter how steep the hill.

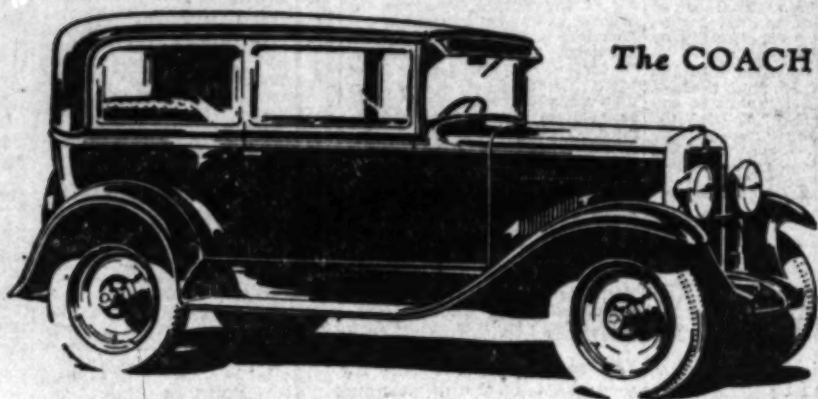

A new heavier crankshaft statically and dynamically balanced makes torsional vibration imperceptible at all speeds—due partly to its exceptional size and partly to the relative shortness of its crank-throws. The entire rocker arm mechanism is automatically lubricated; and this, combined with the new camshaft, new large valve tappets, new fabric camshaft gear and the new muffling system results in delightful silence of operation. Long engine life is provided for

by a new type AC air cleaner and by a new method of continuous self-purification of the crankcase oil—while an improved system of crankcase ventilation minimizes oil dilution, particularly during winter use.

Impressive as it is, however, this superb power plant is only one phase of the advanced engineering revealed in the Outstanding Chevrolet. Big, powerful, easily adjustable four-wheel brakes give positive, safe control—with silent operation assured under all conditions by semi-molded linings and a new brake band design. The steering mechanism is fully equipped with ball bearings and the new steering wheel is of the flat slender rimmed type—an important contribution to ease of control.

The new and quieter transmission contains heavier gears of vanadium steel while the driving gear and pinion are made of 3 1/4% nickel steel—the finest gear material known to metallurgical science. And, also, there are provided such costly car features as two-beam headlamps with toe button control for "dimming," new type cooling thermostat, semi-automatic spark control, theft-proof Electrolock, waterproof spark-coil construction, larger shielded safety gasoline tank in rear, improved differential lubrication and many other features of comparable importance.

If the Outstanding Chevrolet offered only this impressive array of mechanical advancements, it would still be hailed as a sensational achievement in modern automotive design. But, in addition, it offers an order of beauty, distinction and style never before attained in any low-priced automobile.

The COACH

re! The long high hood and the gleaming chromium plated radiator shell furnish the key note of rugged smartness and grace. The rakish unbroken lines, emphasized by distinctively grouped hood louvers, are suggestive of speed and alertness. The divided body moulding and concave front pillars reflect the vogue so widely favored by leading custom builders; while the larger, longer, lower bodies are themselves masterful examples of the craftsmanship for which Fisher is internationally renowned.

The seats are wider and more restful. The driver's seat in all closed models is easily adjustable, forward or back—a feature recently introduced on a few of the high-priced cars. The redesigned dash carries an attractive grouping of all control instruments indirectly lighted including the new motor temperature indicator.

The driver's seat in all closed models is easily adjustable forward or back by means of a handle regulator. This brings the clutch and brake pedals within proper reach for all drivers.

Climaxing sixteen years of continuous progress... revealing new performance, new beauty, new quality and dependability... priced so amazingly low as to be within the reach of everybody, everywhere—

—this sensational new Chevrolet represents the greatest dollar-for-dollar value ever offered in any automobile!

We cordially invite you to visit our showroom and secure complete and detailed information regarding this great new car which will be ready for delivery beginning January 1st.

QUALITY AT LOW COST

NEWS OF SOUTHERN COUNTIES

ORCHARD MEN HOLD MEETING

More Than 300 Cars Go from One Association

\$500,000 Paid to Redlands Orchardists

Good Prospects for Heavy Crop Next Year

REDLANDS, Nov. 27.—The Redlands Co-operative Packing Association packed more than 300 cars of citrus fruits during the past year from 2000 acres of choice citrus fruit orchards. The returns in round figures to the growers were above the \$500,000 mark.

C. H. Clock was re-elected president of the association when the citrus group held its annual meeting here. L. M. Moore, who had been named vice-president and N. Leo Nelson, secretary-treasurer and manager.

New directors are J. P. Redhead, R. E. Pastorius, W. C. Warner, W. L. Fowler, A. N. Dike, Fred Arth, C. A. Weeks, Messrs. Dike and Weeks are new members of the board, assuming the positions of H. L. Hubbard and Mr. Lelean. Mr. Clock was elected to represent the board of directors on the Redlands-Highland Fruit Exchange, taking the position held for sixteen years by Mr. Winston, who had resigned.

A resolution of appreciation in behalf of Mr. Winston was accepted by the board of directors at its meeting immediately following the annual banquet for stockholders. Reports of a successful year and prospects for a satisfactory season to come were given the stockholders by the after-dinner speakers. Mr. Clock presided and the first report was from Mr. Lelean, who held forth promises of one of the greatest seasons in the history of the organization.

Checks representing more than \$100,000 were distributed to the association's members. This was the greatest return ever made the growers.

Paul S. Armstrong, assistant general manager of the California Fruit Growers Exchange, outlined prospects for the new season, emphasizing that the exchange had achieved more for the growers during the last season by improving its distribution system.

In spite of the fact that California and Florida are producing the greatest combined citrus crop in history, sales during this season will bring a satisfactory profit, Mr. Armstrong predicted. A vote of thanks also was extended Mr. Armstrong. Albert W. Cook, government weather observer, outlined the plans he was making for protecting the citrus county growers in issuing frost warnings during the winter. There were 150 growers and their friends present at the dinner.

Company Free of All Blame for Accident

POMONA, Nov. 27.—J. W. MacMillan and W. H. Bloom, motorist and conductor of the Pacific Electric train that crashed into an automobile at the Park-avenue crossing Friday afternoon, instilled a killing Mrs. Margaret Bloodgood of Anaheim. Pomona College student, were absolved from all blame in an accident termed as "unavoidable" by a coroner's jury at the Todd & Reeves Mortuary today. Witnesses testified that the girl drove directly into the path of the train apparently heedless of its approach and despite the warning blast of the motorist's whistle.

Funeral services will be held Wednesday for the deceased but burial will be delayed pending the arrival of her mother, who was en route to Germany by steamer but following her notification by wireless canceled her tour and waited for a return steamer at Balboa in the Canal Zone.

HOLD THANKSGIVING SERVICES AT GLENDALE

GLENDALE, Nov. 27.—Two union church services and a sunrise service will feature the Thanksgiving Day observances here on Thursday and will sound a devotional note at the start of the holiday. Many of the Protestant churches will join in the services that are to be held at the Central Christian Church at 10 a.m. and those in the southern part of the city will join in the devotions at the Tropic Presbyterian Church at 10:30 a.m. The sunrise service will be conducted at the Tropic church at 6:30 a.m. Special music will feature all three services.

JAIL ASSERTED SWINDLERS

Three to Face Prosecution in Riverside for Operating What is Said to be a Stock Scheme

RIVERSIDE, Nov. 27.—What Dist. Atty. Ford declares is a scheme to swindle glibly investors out of valuable stocks and bonds resulted today in a third arrest. John B. Mitchell, a salesman, was apprehended in Los Angeles. William Roberts, 35, and Harold Ruark, 38, also Los Angeles salesmen, were arrested on a similar charge some time ago and are out on bail of \$3500 each. They are to have a preliminary hearing here before Justice Difant on December 7, next.

According to Dist. Atty. Ford, Mrs. August Cooper of Winchester was persuaded by Roberts and Ruark to hand over to them stocks and bonds to the value of \$2100. She said the two salesmen promised her a return of from 8 to 10 per cent on stock of a company they proposed to have organized in Los Angeles. This stock was given her in alleged payment for her collateral. When the time came for payment of interest and note was forthcoming, Mrs. Cooper, she stated, made a trip to Los Angeles. Hunting up the offices of the company that was

TO START FAIR BUILDING

County Structure on Pomona Grounds to be Largest West of the Mississippi

POMONA, Nov. 27.—Monday morning will witness ground-breaking ceremonies for the new \$100,000 permanent exposition building to be erected by the county on the site of the Los Angeles County Fairgrounds here. Announcement to this effect was made today by C. B. Afterbaugh, secretary-manager of the fair.

The structure will be 800 feet in length and 135 feet wide, with no interior supporting pillars to obstruct the floor space and will be the largest of its kind west of the Mississippi River. Carl W. Much, Los Angeles county architect, went over final plans of the building with Afterbaugh several days ago. Hunter & Lippman of Los Angeles were awarded the contract.

The building will be completed in time for the 1939 fair and is the contribution of Los Angeles county through its Supervisors, to the Southland's greatest agricultural, horticultural and industrial exposition which in eight years has grown in size until now its only rival is the State Fair at Sacramento.

Close Schools on Account of Flu Epidemic

SAN DIEGO, Nov. 27.—Due to the rapid increase in the last twenty-four hours of colds and influenza, the City Board of Education today applied to the State school authorities for permission to close the local schools until December 10. This request was taken when the number of absent pupils jumped from about 2000 last Thursday to more than 4000 this morning.

The teaching staffs in the various schools, too, have been affected by the epidemic. Sixty-nine were reported absent yesterday and this morning sixteen more were absent, making eighty-five out of a staff of 164.

"While some school officials believe that the \$20,000 general fund of the school would be better off under the controlled conditions of school environment than they would be running on the streets, the Board of Education has decided that in view of the sudden increase in the number of cases of influenza and heavy colds, it is better to let the pupils go home and stay there until the epidemic subsides," Walter R. Hepler, superintendent of schools, said this afternoon.

The City Board of Education does not contemplate an order closing theaters and churches at present, but all school children will be carefully warned to keep away from all public gatherings during the period of the forced vacation, according to the secretary of the Health Board, announced.

SCHOOLS SHUT DOWN AT SAN BERNARDINO

SAN BERNARDINO, Nov. 27.—This city's schools were closed today until next Monday when the Board of Education received reports that there were 900 students and twenty-five teachers absent yesterday because of illness. The fact that the 900 students showed no indication, said Supt. Holbrook, that there are 900 cases of influenza in the city. In fact, he said, the report of school nurses show that hundreds of students were kept out of school by parents who feared they might become stricken with the flu. The schools were closed tomorrow night until Monday for the Thanksgiving holidays and the loss of Tuesday and Wednesday was decided upon by the board as an economic move as the State allots school funds on the basis of the average daily attendance.

LEGION POST PLANS FORMAL DEDICATION

RESEDA, Nov. 27.—Members of the American Legion post of Reseda are at work on plans for a celebration, which will be staged on December 8 and 9, next, in connection with the formal dedication of the post's new clubhouse on the latter day at 3 p.m. by State officers of the Legion. Members from other posts in the valley and in Southern California have been invited to take part. North Hollywood will send a delegation. When Robert's drum and bugle corps. There also will be corps from Burbank, Pasadena, South Pasadena, Long Beach, San Pedro and Beverly. A parade band also will take part in the program, participating in a parade through San Fernando Valley, preceding the dedication exercises.

Two Killed as Truck Crashes Into Canyon

UPLAND, Nov. 27.—Racing madly down the steep road from Camp Baldy in San Antonio Canyon with brakes on the truck burned out and a rear wheel hanging by a thread, a car plunged over a rocky ravine and snuffed out the lives of two men and caused three others to be sent to San Antonio Community Hospital.

The dead are Louis Custer, 1134 East Ninth street, Upland cement contractor, Joe Mendoza, Upland laborer. Injured are Alfonso Nava, Domingo Sana and Alfonso Nava, Jr., Upland.

Ralph Dark, patrolman on the Upland police force, investigated the accident. It was declared that the brakes on the truck burned out as the car rolled over several times before landing upside down in a rocky ravine and snuffed out the lives of two men and caused three others to be sent to San Antonio Community Hospital.

Flu Claims Old Citizen

COMPTON, Nov. 27.—John R. Hahn, 66 years of age, one of the oldest settlers here and one of the first merchants, died today after a two-day illness from flu and pneumonia. Hahn first crossed the plains at the close of the Civil War. He settled in this city with his family in 1875 and started the first shoe store.

He erected the second business building and was in the shoe business here for fifty-three years. He died at his home at 1000 North Main street. He was survived by a wife and two sons, Howard and George. An inquest is to be held in Pomona Friday.

At Work While Court Rests

SANTA BARBARA, Nov. 27.—Working after court had closed on Saturday, the Southern California Gas Company laid a high-pressure main on the C. A. Storke ranch near the intersection of the main and the ocean over the protests of the owner, who called Sheriff James Ross to stop the work. It was learned today that the work was continued.

PULMOTOR SAVES LIFE OF GABRIEL CHILD

SAN GABRIEL, Nov. 27.—Quick response by the pulmotor squad of the Alhambra Fire Department saved the life of a 3-year-old child, the son of Mrs. Ray Gibson, 3 1/2 years of age, of 726 Lemon avenue, after she had been picked out of a fire. The child was unable to breathe and was taken to the hospital where he was revived by the pulmotor.

ARREST FOLLOWS MAN'S PLUNGE INTO CANYON

ORANGE, Nov. 27.—A. D. McPherson of Los Angeles, who survived a wild plunge in his automobile over a seventy-foot cliff near Dana Point Sunday, was being held in the County Hospital today, suffering from injuries of unknown extent, and facing a charge of reckless driving, for which his bail is fixed at \$1000.

State Traffic Officer Joe Clever moved McPherson from a San Clemente hospital to the County Hospital yesterday after placing the man under arrest. Clever says McPherson was intoxicated when he drove his car over the cliff. The car, skinned the rim of the bluff for 300 feet before diving into a canyon.

PLAN TO REORGANIZE ONTARIO REALTY BOARD

ONTARIO, Nov. 27.—Members and officers of the Ontario Realty Board are today studying plans for widening the scope of the board and taking Upland real-estate brokers in as members of the local organization. A meeting of the board was held today at the Ontario Realty Board. Upland real-estate men, wishing to have their own board, are unanimously supporting the plan to reorganize the board. Edward L. Frick, in behalf of Upland dealers, has asked the Ontario board to unanimously support the request, and it is believed that within a week the Ontario-Upland Realty Board will again be in existence.

HARD LUCK FOR FENDER MAKERS

Traffic Officers Shouldn't Let Things Like This Go Unchecked

MANHATTAN BEACH, Nov. 27.—A solid year without a traffic accident of any kind and a month since a speeder has been in court is shown in the report of Police Judge Price of this city, filed with the City Council today.

Catholics to Dedicate New Church School

MANHATTAN BEACH, Nov. 27.—Thanksgiving morning will mark the dedication of St. Joseph's new church and parish school buildings here in the presence of the Rt. Rev. John J. Cantwell, bishop of Los Angeles and San Diego.

The dedication of the church building will be preceded by the blessing and raising of the flag of the school and convent buildings and eighty-two children will be confirmed. Solemn high mass will be at 10 a.m. Rev. Henry Cross of Alhambra will sing the solemn high mass. Rev. Patrick Conannon of Holy Spirit parish in Los Angeles will be deacon and Rev. Deane Sweeney of Holy Cross parish, subdeacon. Deacons of honor to the bishop will be Rev. William Schmidt of the Holy Spirit parish, well of St. Paul's in Los Angeles.

The opening of the new church and school buildings, representing the achievement of St. Joseph's parish under the direction of the pastor, Father John Ford. The building is the gift of the Holy Cross parish, which has been donated by the parish. The building is a two-story structure with a large auditorium and classrooms. The school is a two-story building with a large playground. The church is a two-story building with a large steeple. The buildings are located on a large tract of land in Manhattan Beach.

SCHOOL NAME TO BE CHANGED NEXT YEAR

NORTH HOLLYWOOD, Nov. 27.—The high school here for some time yet is to be known as "Lankershim High School," until the name of the school is changed to "North Hollywood High School" next year. The Board of Education, it was stated, had agreed to change the name of the school by Christmas, but another day had held up final action. It is now learned that the school is to continue to bear the old name until the beginning of the new school year next fall.

ACCIDENT VICTIM SHOWS IMPROVEMENT

SANTA ANA, Nov. 27.—The condition of G. D. Nixon, Irvine ranch hand, who suffered a broken neck and other fractures in an automobile collision at Seventeenth and Main streets several days ago, remains unchanged, it was reported today at the County Hospital. Nixon has a good chance for recovery, they said.

ENTERTAINMENT ROTARY GOVERNOR

POMONA, Nov. 27.—Herbert J. Harris of the Whittier College faculty, newly elected district governor of the Rotary Club, was the honored guest at a banquet at the Mountain Meadows Country Club last night. The banquet was served at 6:30 o'clock and present were many of the club members. Morris H. Wilson, president of Pomona Rotary, presided. The main address was given by Mr. Harris on the occasion of his first official visit to Pomona. Ralph Harvey, chairman of arrangements, presented a short program in honor of the occasion. Features included a variety of entertainment.

EXCHANGE CLUBS TO MEET

HUNTINGTON PARK, Dec. 2.—Exchange clubs who are members of the clubs in many of the surrounding areas are expected here in large numbers Tuesday evening, when the local Exchange Club members are to be hosts at the new clubhouse of the Huntington Park Women's Club. Invitations have been issued to the Exchange clubs at Lynwood, South Gate, Glendale, Balboa, Long Beach and Los Angeles, and also other clubs. Arrangements have been made for a banquet, card games and vaudeville entertainment.

WANT FULL-TIME CLERK

NORTH HOLLYWOOD, Nov. 27.—North Hollywood, formerly Lankershim, and a part of the city of Los Angeles, is looking for a full-time deputy city clerk to be stationed in the town. At present only a part-time clerk serves. A petition, signed by most of the business men here is to be presented to Los Angeles City Council, asking for the full-time office. C. L. Kennedy, well known resident and business man is in charge of the petition.

POLITICAL INHERITS ESTATE

PASADENA, Nov. 27.—"Ty" Pocke defeated candidate for City Council, Concha, 8 years of age, was severely bitten on the legs while on the school playground. Six other children were playing with the dog when he attacked them. None of the six received severe injuries, but several were slashed about the hands and legs by snarls of the angry dog, according to Mrs. Jessie Mery, principal of the school. The dog was not muzzled, but had become infuriated at incessant teasing.

IS MUCH-MARRIED MAN

Defendant in Criminal Case at Santa Ana Said to Have Had Five Wives

SANTA ANA, Nov. 27.—Clarence Rand, who seems to have married so many girls that he can't remember all of them, which possibly may explain why he is alleged to have overlooked the little matter of getting a divorce from his fourth wife, before marrying his fifth, today was slated to go on trial on a felony charge in Superior Court, but was prevented for the second time by the illness of his attorney.

The trial was postponed by Judge E. J. Marks to December 3 to permit substitute attorneys to familiarize themselves with the case. Meanwhile, prosecuting attorneys, viewing the almost exclusive attendance of women in the courtroom, determined to keep all women out of the jury, if possible.

Rand today passed upon the woman he is alleged to have married in Tacoma, Wash., in 1924, which marriage was entirely outside of his recollection and which he explained by saying: "I must have been pie-eyed drunk."

Mrs. Anthony, wife No. 4, made a deposition in court today because she was unable to return to Santa Ana again when the trial is held. When she took the stand Rand looked at her and scratched his head, muttering: "I wouldn't have known her. She weighs at least 160 now and she only weighed 125 then." Rand says he has no recollection of any marriage with the woman. He knows her, as Peggy Brown, which was my play name. I signed my real name as the license held Rand, but he didn't know me. He knew me, as Peggy Brown, which was my play name. I signed my real name as the license held Rand, but he didn't know me. He knew me, as Peggy Brown, which was my play name. I signed my real name as the license held Rand, but he didn't know me.

BOARD EXTENDS HOLIDAY VACATION

PASADENA, Nov. 27.—Pupils in the local public schools were notified that they need not attend classes until Monday, December 3, which means that they will have a two-day vacation. The board has announced previously.

School officials said today that they hope the influenza epidemic that has continued 20 to 40 per cent of the pupils in their homes and resulted in the absence of 100 pupils from school. The board has decided to extend the vacation for two days to Monday, that no further holidays will be needed.

The Board of Education met today to consider the influenza epidemic and consider preventive measures. "Do you mean by that that he was drunk?" inquired Attorney Clifford Allen.

Rand lived with his three wives after their marriage. Mrs. Anthony, his fourth wife, was married in 1924, without having a divorce from Leonard West.

She hears no grudge, she says, and would rather testify for Rand than against him. She thinks she might be able to help him as a witness at his insanity trial, which will follow the big trial, since he has pleaded insanity in defense.

Mrs. Anthony's attitude is typical of both of the women Rand is supposed to have wronged. Mrs. Rand, his present wife, who caused his arrest and was slated to appear as complaining witness in the insanity trial, since he has pleaded insanity in defense.

CRUSADE STARTED TO REPLANT POPPIES

ALTADENA, Nov. 27.—That this community may again be known for its fields of golden poppies, is the hope of Mr. Albert Sherman, president of the Altadena Poppy Club, who is leading a crusade to replant the poppies in the community. The club is a branch of the national organization of the Garden Club of America, which is sponsoring a movement to plant all the remaining open football territory with poppy seed.

In the early days, Altadena appeared from the valley as a golden tapestry, but due to the ruthlessness of residents and tourists who tore up the poppy plants by the roots in order to transplant them, the poppies are almost extinct in this section.

It is proposed to reseed with Escholzia the area north of Loma Alta and Wapello Lane, lying between Lincoln Avenue and Lake Avenue, and when the success of this seeding has been assured, to extend the local poppy belt to East Altadena.

ANGRY CANINE BITES CHILDREN

ONTARIO, Nov. 27.—Seven children in the vicinity of the Grove street Methodist school, hit by the snarls of an enraged dog and all were freed from the wounds received in the attack.

PRIZES FOR CHRISTMAS DECORATION

Chamber of Commerce and Clubs Unite to Sponsor Contest at Ventura

VENTURA, Nov. 27.—To encourage outdoor Christmas trees a committee of thirty representing the Chamber of Commerce, the Rotary, Lions, Kiwanis, and business and professional women's clubs met last night here and arranged for giving prizes in a Christmas tree decoration contest.

There are to be prizes of \$10 and \$5, respectively, for the best and second best trees decorated at the homes of school children. The best decorated tree in the business district, and for the best merchants' holiday window displays. Nick Hearn, general chairman, said today that the contest will be a success. He said that the contest will be a success. He said that the contest will be a success.

There will be a meeting of the committee Monday to arrange the final details of the contest, and the contest will be awarded by the Chamber of Commerce on December 23, in time to give the school children's Christmas spending money. For the contest the city was divided into districts, with committees in charge of each district.

Supervisors Deny Protests on Improvement

MANHATTAN BEACH, Nov. 27.—All protests have been denied on the improvement of the beach area by the Board of County Supervisors yesterday, giving the district another main artery from Los Angeles to the south bay. The plans for the improvement as already outlined contemplated five feet more of pavement varying from seven to nine inches in thickness and from twenty to thirty feet wide, according to the varying widths of the street. Oil and rock shoulders on both sides of the concrete will make the effective width of the improvement five feet more.

The cost of the improvement is given as \$282,631. The sum of \$60,000 has been appropriated by the county for the improvement. The remainder to be borne by the assessment district. Proceedings are being taken under the Harward University Millage Fund carried out despite the refusal of the City Council of Hawthorne to permit any property within the city to become a part of the district.

SANTA BARBARA MODEL FOR EASTERN EXPERT

SAN ANTONIO, Nov. 27.—Application of community planning principles in Santa Barbara will be made part of the national survey on the subject being financed by the Harward University Millage Fund grant. Howard K. Menhick, field secretary for the survey, spent yesterday here with L. Oeming Tilton, engineer for the County Planning Commission, inspecting the results of planning in the city and discussing city and county planning organizations with the commission's engineer.

Mr. Menhick was keenly interested in the work that has been accomplished in rebuilding Santa Barbara with a predominating and harmonious architectural scheme, according to Mr. Tilton.

That the Harward University representative considered Santa Barbara the most interesting city from the viewpoint of his studies, that he has visited.

NEAR GOAL IN "Y" DRIVE FOR FUNDS

REDLANDS, Nov. 27.—With \$443 more the Young Men's Christian Association will be over the top in its campaign for \$18,000 to conduct the affairs of the association here for twelve months, and build tennis courts and other improvements.

Captains of the various teams offered to serve as a mop-up crew and it is expected that the entire amount will be placed before the week is over. The Y. M. C. Club threatens to get the turkey dinner for the team has \$4837 to its credit, needing but \$1163 to get \$6000 and the dinner.

PASTOR CHANGES FLUIT

COMPTON, Nov. 27.—Rev. R. L. Leisner, for four years pastor of the Lutheran Church in this city, has accepted a call to the pastorate of the Christ Lutheran Church, 48 South Huntington Drive, Pasadena. He delivered his farewell sermon here Sunday and today removed to his new pastorate with his family.

DOUBLE FUNERAL SERVICE

Two Sisters, Victims of Influenza, at Pasadena

PASADENA, Nov. 27.—Joint funeral services for two sisters, who died within thirty-six hours of each other, were held here today.

Miss Sarah Barnes, a school teacher at Freeport, Ill., for nearly fifty years, died Sunday at 11 a.m. while her sister, Amelia, died at 10:30 p.m. yesterday. The deaths concluded a lifetime association which combined approached the century mark.

While Sarah taught school in Freeport, Amelia kept house. Miss Sarah Barnes came to this city eighteen years ago, Amelia coming here two years later.

SHIPPING NEWS

AND ACTIVITIES AT LOS ANGELES HARBOR

WHALING FLEET CLOSES SEASON

California Sea Products to Tie Up Temporarily

Value of Catch Reported at About \$300,000

February Fixed as Tentative Date for Next Cruise

Whaling operations off San Clemente Island have been closed and the fleet of the California Sea Products Company has returned home to San Francisco to tie up temporarily. The fleet came after a heavy early run, the mammals rapidly diminishing in number.

It is understood that more than 10,000 barrels of whale oil was reduced, bearing a value around \$300,000, regarded as a fair season.

The California Sea Products company, tanker Lanning and the killers Hawk, Traveler and Port Saunders. The landing carries a crew of around ninety men, and the killers nine to eleven each.

Next whaling operations out of the harbor will come in February when the Mexican Whaling Company's fleet puts out for Baja California. The factory-tanker Esperanza will return then with a larger fleet.

The fleet is resuming operations much later than previous years, seasons disclosing that the whales are infrequent before February. Last season closed with 10,000 to 12,000 barrels.

John Heston has withdrawn his entire fleet of tuna craft from Turle Bay, after the most meager season in his career of long or short hauls. The only reason he did not suffer worse was due to the comparative smallness of this season's fleet. He had thirty-five small boats and half a dozen tenders in the service, compared with several times that number in previous years. Thirty of independent catch boats brought more than 500 tons of yellowfin and skipjack, practically none of which was harvested in the last month and a half. His fleet went to Magdalena Bay in quest of the second season's haul.

Boatmen continue bringing major catches, but they are taken from great distances, such as the banks of the Colorado, where the Alamo banks, more than 100 miles from the fleet. It is estimated the tuna pack to date is 650,000 lbs., just \$5,000 more than a month ago.

Simultaneously with Nippon Yusen Kaisha's announcement yesterday that all its Orient-California liners will make Los Angeles a regular port of call, the Tenny Maru, liner, general auditor, G. A. F. Reid, well, operating manager at San Francisco, and J. C. Kirby, Coast auditor.

HUGE OIL CHECK HANDS DOHENY

Operator Paid \$25,000,000
by Pacific Western

Deal Follows Shortly After
Sale to Richfield

Pioneer Repeats Denial of
Retirement Story

E. L. Doherty, pioneer oil operator, concluded another profitable venture in oil yesterday when he was presented with a certified check for \$25,000,000 by Pacific Western Oil Company, which he sold to Richfield Oil Company, a subsidiary of the Standard Oil Company of Indiana. This transaction, which was the final step in the deal that also ran into the millions, was the company he organized a few years ago after he sold his controlling interest in the Pan American Petroleum and Transport Company to the Standard Oil Company of Indiana. This transaction also swelled the Doherty fortune by several million dollars.

Land titles to the properties transferred to the Pacific Western Oil Company were received by its officers here, and the certified check was paid in New York to the company. The transaction is described as the largest cash transaction in the history of the West. A cash option of \$1,000,000 had already been paid by the purchaser. Both Mr. Doherty and his son, E. L. Doherty, Jr., reiterated in announcing the formal transfer of the properties, that they are not retiring from the oil business. An active drilling campaign is planned on properties they have retained and recently acquired. Jacques Vincent, an outstanding figure in petroleum finance, will be chairman of the board of directors of the Pacific Western Oil Company. Mr. Vincent was formerly president of California Petroleum Corporation and president of Texas Company of California.

BUSINESS IN BANK FIELD HOLDING UP

Twelfth Area Reserve
Agent Gives Summary for
September

Generally satisfactory agricultural conditions, the large volume of trade and industrial activity, and ample credit supply reported in September for the Twelfth Federal Reserve District were well sustained throughout the month of October. Isaac B. Newton, chairman of the board of Federal Reserve Agents, Federal Reserve Bank of San Francisco, declared yesterday in his monthly survey.

Daily Average Oil Output at Higher Level

NEW YORK, Nov. 21. (AP)—The daily average gross crude oil production in the United States increased 14,150 barrels for the week ended the 24th inst., totaling 2,308,000 barrels, says a report summary of the American Petroleum Institute today. The daily average production east of California was 1,829,200 barrels, a decrease of 818 barrels.

Gain Reported in Car Loadings

WASHINGTON, Nov. 21. (Exclusive)—Loading of revenue freight for the week ended the 17th inst. totaled 1,059,701 cars, the car service division of the American Railway Association announced today. This was an increase of 6408 cars over the preceding week this year, increases being reported in the total loading of commodities except ore and merchandise less than car-load lot freight, both of which items reported decrease.

PARRISH STARTS BUSINESS
Alan R. Parrish, formerly with insurance companies in Los Angeles, San Francisco and Portland, announced yesterday the opening of an office in San Francisco to conduct a general insurance business. He will operate under the name of Alan R. Parrish & Co.

RATE CUT EFFECTS SHOWN

Fears of Public Utility Stockholders Groundless;
Annual Growth Raises Earnings

Recent reductions in rates for public utility services seem to have caused a considerable amount of unjustified trepidation among the holders of electric light and gas securities. Some of this feeling has been reflected in the stock of the Pacific Lighting Corporation, the holding company controlling the Los Angeles Gas and Electric Corporation, which lately has been instructed by the State Railroad Commission to reduce its rates for gas service.

Huge Dividend and Interest Payments Due

NEW YORK, Nov. 21. (Exclusive)—Preparations by banks to make disbursements on interest and dividend checks going out around December 1 caused a preliminary tightening of the call market today, with the result that the rate was marked up to 8 per cent this afternoon. Member banks here had called about \$40,000,000 in loans up to early afternoon.

General Motors May Enter Into Aviation Fields

NEW YORK, Nov. 21. (Exclusive)—While General Motors has no present intention of entering the field of aviation, as was indicated by President Sloan before his departure for Europe, interest in the qualifying remark that he was "fully aware of the magnitude and recent development of the airplane industry."

Cocoanut Oil Concern Plans New Financing

SAN FRANCISCO, Nov. 21. (Exclusive)—Eldorado Oil Works of Berkeley, which handles the largest coconut oil business in America, if not in the world, soon will enter the market with an offering of common stock in order to finance the erection of a large new plant. The offer will be a large issue of common, priced around \$25 per share.

Stock Transfer Tax Runs Heavy

NEW YORK, Nov. 21. (AP)—The big boom market in Wall street is pouring dollars into the New York State Treasury through the stock transfer tax. Some financial experts estimated today that the total collected through this levy of 25 per 100 shares might reach \$30,000,000 for the fiscal year ending June 30, next.

HUGE BANK MELON ON CALENDAR

National City Planning
to Cut Up \$50,000,000
Among Stockholders

NEW YORK, Nov. 21. (Exclusive)—A melon of \$50,000,000 will be cut for the stockholders of the National City Bank at the annual meeting to be held on January 8, next, it was announced today by Charles E. Mitchell, president.

The capital stock of the National City Bank will be increased from \$20,000,000 to \$50,000,000 and additional stock will be issued to provide \$30,000,000 of which \$10,000,000 will be paid up in the additional capital and \$20,000,000 will be added to the surplus.

Following the international custom of lowering the par value of the shares of the National City Bank is now the largest bank in point of capital in the world. The British bank exceeds it in deposits.

New Investment Unit Formed by Bay City Group

SAN FRANCISCO, Nov. 21. (Exclusive)—Announcement today that a group of Pacific Coast bankers and industrial leaders have formed a \$25,000,000 investment company, created intense interest in the financial district. Incorporated under Delaware laws, the new organization, to be known as the Bay City and Share Company, Ltd., will have an authorized capital of \$25,000,000, of which \$5,000,000 has been subscribed.

Tone Steadier on London Mart

LONDON, Nov. 21. (Exclusive)—The stock market had a steady tone today with dealers in a small scale. The industrial list moved irregularly. The mining list had an easier tone with de Beers and Rio Tinto issues in support. The Mond Nickel was a strong exception. Wireless Securities were in demand especially Marconi which rose substantially. The oil list had a firmer tone while rubbers were quiet. Talking machine shares moved irregularly with Victrola lower. Artificial silk issues had a better tone while textiles were neglected. Tobacco was in demand and shipping issues in supply.

CAPITAL SHUNS RUMANIA

Government Provision Requiring Nationalization of
Alien Industries Obstacle to Entry

NEW YORK, Nov. 21. (Exclusive)—One of the richest European nations in natural resources, provides in its mining laws that no foreign companies can begin operations there unless they agree to nationalize their companies within ten years. This provision in the mining laws of Rumania is said to be merely a protection in case of trouble. It refers only to mining companies, and not refineries or commercial undertakings.

No effort has been made on the part of Rumania to insist on these provisions being carried out by those mining companies—especially oil companies—who have been operating there for more than the required length of time.

PAPER PROFITS

For the past seven years stock prices have been rising, until now leading issues are selling at record peaks. Many an investor has thrown caution to the winds and proudly points to his "profits."

Yet these "profits" are only chalk marks and are likely to be wiped out by a turn in the market. At present prices, many leading stocks yield only 1 1/2% to 2%, as compared with the 3 1/2% to 4% yield of Liberty Bonds.

The cautious investor will anticipate the readjustment which is surely coming. Now is the time to convert and invest in Sound Bonds.

A FINANCIAL STAKE OF \$1,100,000,000

The rapid growth of Canadian Public Utility Companies, largely with the help of American capital, has been one of the most significant developments of the 20th century. Over \$1,100,000,000 is now invested in Canadian hydro-electric power, and capital employed in plant construction and current output alone has increased nearly 6,000% in 26 years. Likewise installed horse power, today, is 26 times as great as it was in 1900. Already over 1,400 branches of United States factories are located in Canada, chiefly because of water power, and Canada leads the world in the per capita utilization of hydro-electric power.

Canadian public utility securities today offer the investor the same opportunity for appreciation as similar American issues of 16 years ago. On request below, we will gladly furnish suggestions regarding current opportunities in Canadian Public Utility Bonds and Common Stocks.

CAPITAL WANTED

A local well established industrial corporation desires an additional \$50,000 capital for expansion. Present plant is marketing entire output in a basic industry. Men connected with this corporation are able business men of unquestioned integrity. No amount under \$5,000. The new capital to be allowed certain bonus stock privilege. Serving on board of directors is optional.

Address D.A.R. Box 485, Times Branch.

LOS ANGELES CURB

Price trends were further depressed as liquidation swept into the trading yesterday on the Los Angeles Curb Exchange. Madigan Petroleum and Mexican Seaboard, each dropping 1 1/2 points led the oils in a general reaction, which, however, was well checked. Hearing the close values again turned in an upward direction. Madigan closed at 37 1/2 after touching 37 and Mexican Seaboard ended at 64 3/4 after having sold down to 63 1/4.

Claude Neon Electrical Products featured an irregular activity in the industrial list and leading the volume of sales, advanced a point to 69. Lockheed firmed up 1/2 to 69.

Prices to purchase the new stock were traded for the first time on a when, as, and if issued basis. They ranged between 10 1/2 and 10 3/4, closing at 1/2. Foster eased 3-8 to 19 1/2. Diamond Electric reacted 1 3/8 to 38 1/4.

Buckeye Union and Universal Consolidated each advanced 10 cents to 1.80 and 4.60, respectively. The balance of the low-priced oil shares ended lower. Italo Petroleum was active but eased 1 1/2 to 1.52 1/2. Santa Fe lost the same amount to 12. Globe eased 1/2 to 15 1/2. Wellington Oil, a new issue on the market, held firm to 2.50.

Sales totaled 189,949 shares valued at \$778,326.

LOS ANGELES EXCHANGE

Spectacular Rise in Merchants' National Stock Features Local Trading

Merchants' National Bank, inspired by rumors that consolidation developments are expected to come to a head within the next few days, spurred 36 points yesterday on the Los Angeles Stock Exchange. Early in the afternoon 188 shares changed hands at the peak price of 77 1/2. Last May, when merger rumors were particularly active and speculation at its height, a high of 300 was reached. The stock closed at 77 1/2.

Los Angeles-First National Bank, Grande slumped 5 points to 187 and the new issue dropped 1-2 to 34 3/4.

Standard of California traded briskly to close off 1-2 to 76 3/4. Union of California lost 1 1/4 points to 54 3/4 and Richmond 1 to 50 1-2. Barnardall dipped 1-2 to 46 1-2.

Buckeye Union, among the low-priced shares, responded to a report that negotiations are under way to purchase the company for approximately \$2,000,000, and recovered 2 1/2 cents to 1.80. Officials of the company would neither deny nor confirm the report. Occidental strengthened fractionally, while the balance of the lower-priced issues suffered from liquidation.

A general softer undertone swept into the trading in oil shares. Rio Industrial

Do both jobs well

Earning a surplus—and investing a surplus—are two distinct jobs. Each calls for different abilities and full-time attention. Each ought to be done well.

If your business or profession is worth anything—it is worth a mind free from competing occupations—free from the constant nagging of investment problems.

Shares of Incorporated Investors are a proven method of relieving business and professional men of the worries and hazards of half-time investing.

A staff of experts guided by the broad vision and ripened judgment of the management sees that your funds are invested in the companies capable of the greatest expansion—of the greatest profits.

It is the safe, the efficient, the common sense way of investing for profit.

Invest Your Profits

In Health and Happiness Before it is Too Late

TAKE your profits now and invest them the surest, safest way of all — in the health and happiness of yourself and family.

Forget the high keyed city, the hurrying crowds. Banish work and worry and begin your real life now.

Down on the golden coast at Del Mar is a plot of land that offers you everything you have sought in the ideal investment. Its security is the earth itself. Its yield is the fulfillment of your quest for health and contented living.

You can build your home on a stately ridge, softened and shaded with eucalyptus and pines. Around it you can plant a lovely garden fronting the spreading Pacific. Invigorating breezes come from the sea, and mingle with the tang of verdant hills and canyons.

Around you are congenial neighbors who have deserted ticker-tapes and the nervous grind of business for this new found happiness. Many have wandered over the face of the earth in search of beauty spots. These they viewed with open and unprejudiced minds, but found nothing comparable to Del Mar. Nature gave them all something, but not everything as here.

You can bask and play in the tempered warmth of sunshine 347 days each year. Every week will find your calendar more than filled in this glorious year 'round vacation land. There are trails to explore afoot or on saddle horse through scenes unrivalled on the Italian Riviera; an 18-hole all-grass golf course to play on; a gentle surf and beckoning beach.

Decide now to take your paper profits while at their peak, and put them into this worth-while happiness, beauty, pleasure. You can obtain a wooded view site for as little as \$2500. Residents here say they couldn't be duplicated elsewhere for \$20,000.

Call or 'phone today for full details. Or mail the coupon below for copy of "Del Mar Pictorial", a new photographic booklet that pictures the beauty that nature has lavished on the south coast. Sent without slightest obligation.

Tia Juana Races
open Thanksgiving Day. Come to Hotel Del Mar tonight. Santa Fe "Race Special", scheduled to stop here for guests, will take you directly to the Grandstand at Races. Or one hour by motor via paved highway. Stay over the week end and see continuation of races. Ten each day, including Handicaps.

STOCK MARKET IN NEW SPURT

(Continued from Sixteenth Page)
The day's selling was augmented by the desire to take profits before the Thanksgiving holidays, and the close resulted in a wide sprinkling of losses of 1 to 7 points, although the Associated Press average price of twenty industrial rose a fraction to a new high, while the average of twenty rails receded slightly from the high record made yesterday. Trading was slowed up considerably from the hectic pace of recent sessions during most of the day, but violent pool operations in a handful of specialties in the late trading carried the total sales up to \$267,700 shares, just under yesterday's total. The ticker kept close to the market most of the day, but it ran for nineteen minutes after the close.

TRADE NEWS GOOD

The day's news was generally good, with a half dozen extra dividends, including American Can, International Business Machine and Phillips Petroleum. The National City bank announced a five-for-one stock split, together with a "Thanks-giving" dividend of about \$60,000. In rights, the New Haven Railroad placed its common stock on a regular \$4 annual basis for the first time in more than fifteen years. A number of October railway earnings statements were highly satisfactory, the total net for 38 Class 1 roads show an increase of 27 per cent over October, 1933.

The fireworks of the season were provided by A. M. Byers, which shot up nearly 20 points to a record price of 180. The company is expected to increase its earnings through exclusive rights to the Ashton pudding process. Spang Chai, with which it has a working agreement, stepped up more than 4 points. International Nickel was another spectacular performer, shooting up more than 10 points to a record price of 170. A record price supply of this issue has been sharply reduced by the reorganization program.

Non-ferrous metals generally were in urgent demand. American Smelting was bought on rumors that brass and copper merger of eastern and middle-western companies is planned, in which it will have a substantial interest. Anaconda, Federal Mining, McKesson-Tin and U. S. Smelting broke into new high territory, and National Lead made an extreme gain of about 8 points.

Railway equipment issues again went forward, General American Tank Car, Line Locomotive, Pressed Steel Car and Union Tank Car mounting 2 to 6 points. Utilities also encountered good support. American and Foreign Power, Columbia Gas, and Brooklyn Edison touching new peaks, while Interborough Rapid Transit, People's Gas and Philadelphia Company gained 4 to 5 points.

MOTORS HIGH

A few automotive shares were pushed vigorously forward. Mack Truck in a burst of renewed activity mounting about 8 points to a new peak at 110. Yellow Truck touching another new peak at 64, and Motor Products and Electric Auto Lite making extreme gains of around 10 points. Nash Motors touched a new high and General Motors rallied nearly 2 points.

International Combustion Engineering rose about 10 points to a new peak at 60, and it was understood that the Dutch interests were again active in that issue. S. H. Kress rose about 10 points to a new peak at 124 3/4 on reports that negotiations for a merger with Schuller have been in progress for several months. By-products Coke, Ingersoll Rand, Condit East, Elmhurst, and Rosin Insurance made extreme gains of about 7 to 19 points.

In the rails, Norfolk and Western, Chicago Great Western, Rock Island, and Erie touched new peaks, moderate gains. Oils were inclined to heaviness.

Among the soft spots were Good-year, Hercules Chocolate, Canadian Pacific, Commercial Solvents, International Business Machine, Curdus Aero, Coty, Radio, Western Union, and Midland Steel. Products preferred, which sagged 2 to 7 points, in profit-taking. Wright lost about 8 points, then rallied.

In the commodity markets, grains ran into selling after early gains. Wheat was influenced by a sharp increase in the visible supply. Cotton reacted after again advancing in the forenoon.

Foreign exchanges were quiet, with sterling and the Canadian dollar firm. Japanese yen had another drop, falling 22 points to 48.8 cents.

HUGE OIL CHECK HANDED DOHENY

(Continued from Sixteenth Page)

charge of crude-oil production for the Royal Dutch-Shell group will be president. Mr. Doheny will be in charge of operations. He entered the oil business in the San Joaquin district in 1908 as a tool pusher. Stock of Pacific Western Oil Corporation, the holding company, which is listed on the New York Stock Exchange, Chicago Stock Exchange, San Francisco Curb and on the Los Angeles Curb Exchange, is expected to be approved for listing this week on the Los Angeles Stock Exchange.

Included in the transfer of properties are ninety acres in the Inglewood field, thirty-three acres in the Ventura-avenue field and approximately 700 acres on the structure in the south dome of the Kettleman Hills area.

Q: When was oil first burned for light? **F. A.**

A: From the earliest times oil has been a source of light and until the middle of the nineteenth century only oils of vegetable and animal origin were employed in indoor lamps.

A.: All the radium produced in the world amounts to about 1.3 pounds.

Q.: What kinds of wood do the early Greeks and early Romans use in carved woodwork?

L. T. D.

A.: Cypress, cedar, juniper and ebony were in general use.

Brig.-Gen. Bolles, stationed at Fort Sumner, which is at Cheyenne, Wyo., paid the Stanford boys a nice compliment Monday afternoon when he said they were "the best at the

[illegible]

There was no trouble, however, of course, the reader must understand that coaches, players and rooters of both California and Stanford are absolutely neutral and fair-minded on these disputed breakfast this morning. Dr. Roth ordered him to stay in his drawing-room. He is not seriously ill.

Chuck Smaling is better today and hopes he will be able to play Saturday.

aysee Title Go Scheduled for Pasadena

Fighting for the Southern California Junior college football championship, San Bernardino and Pasadena will meet on Horrell Field at Pasadena Thanksgiving Day to determine which team shall meet in Mateo for the State title the following week.

After a slow start in the early part of the season, during which they were twice tied, Pasadena

Tucson Fetes Two Elevens

TUCSON (Arl.) Nov. 27. (UP)—Tucson and the University of Arizona will act as hosts to two college football squads tomorrow, when the Whittier Poets, scheduled to meet the local Wildcats on Thanksgiving, and Coach Knute Rockne and his forty-six Irish boys from Notre Dame will spend the first of two days in this city.

A special train of Irish rollers, in addition to the players, will be entertained here tomorrow, the South Bend citizens planning to lay over

in the western division championship by defeating Long Beach 44 to 6. Because San Bernardino tied with Chaffee for the eastern division championship, these two teams played a second game Saturday, which also resulted in a tie. As it was necessary to send one of these teams to meet Pasadena in Thanksgiving, the team of a coin decided the matter, the San Bernardino warriors being the lucky team.

STOCK SHOW TO EXHIBIT PRIZE HERD

Aberdeen Angus Cattle Will be Shipped from Yakima, Wash.

Californians will have the opportunity of seeing one of the most famous beef cattle herds in the West during the third annual Christmas Live-Stock Show to be held at Los Angeles Union Stockyards December 3 to 5. This herd is owned by Condon & Butts and is being shipped from Yakima, Wash. It is one of the largest purebred Aberdeen Angus herds in the United States.

The herd will compete with a famous California Angus herd owned by S. C. Fort at Rancho Del Monte, Monterey, for cash prizes and a silver service offered by the Ambassador.

The exhibition probably will be the greatest event of its character ever held on the Pacific Coast. Practically every State west of the Missouri River will have choice live stock for exhibition. Four noted Hereford herds and two outstanding Aberdeen herds will compete in the beef class. In addition there will be more than 100 carloads of prize fat stock for the Southern California retail trade. New world's record prices are anticipated at this auction.

MAN'S MIND QUESTIONED IN BEQUEST

Gift to Whittier College Issue at Stake in Suit Filed by Executor

Assertions that his brother, Joshua Stanley, was of unsound mind prior to his death when he bequeathed \$50,000 worth of property to Whittier College, were made yesterday by Jesse M. Stanley, executor of the estate of the deceased, testifying before Superior Judge Bush.

Jesse Stanley is in court asking that the bequest be set aside. The witness said that his brother died on March 12, 1927. He declared that Joshua Stanley was 70 years of age at the time he bequeathed the property to the college and, because of his state of mind at the time, did not understand what he was doing.

The defendants assert that Stanley was of sound mind when he gave the property to the college. They held that he made the gift to further the cause of education. In return, the college was to pay him \$100 a month until his death.

Another witness, who took the stand for the plaintiff yesterday was Mrs. Marietta Stanley, sister-in-law of the deceased. She said she had cared for Stanley for several years and that in her belief he was of unsound mind during the closing years of his life. More testimony will be taken today when the hearing is resumed.

POLICEMAN MUST REPAY LOST FUNDS

Witnesses Assert Purse With \$40 on Dead Man in Officer's Charge

Officer H. C. Saunders must pay \$40 from his salary to Dr. C. D. Smith, of Kila, Colo., the Police Commission ruled yesterday, to make up the loss of a purse containing that sum from the body of Arthur R. Smith, who was killed on 8th street in an auto accident October 29, last.

Deputy Chief Lyons, who recommended the action, stated that an investigation disclosed that six witnesses saw the purse sticking from the dead man's pocket when the body was placed in the ambulance, with Officer Saunders in charge. Commissioners Pierce, Gilmore and Thorpe voted that the officer should pay on the ground of negligence.

When Superior Judge Yankwich convenes court this morning one of the cases to be called for trial is the suit of May Belle Medley against Frank Sebastian Penole, wherein she asks \$50,000 heart balm.

Hearing of the case was set for yesterday but was continued until today as attorneys were engaged in other cases.

According to Miss Medley when she promised to marry Penole she was of the belief he was a single man. He wooed her under the name of Frank Sebastian, she asserts. This was in 1922. In 1924 the plaintiff avers she discovered he was married to Marie Rose Penole.

In his answer to the action Penole asserts that Miss Medley forced her attention on him.

Children Will Hear Authoress

Miss Monica Shannon, who wrote "California Fairytales," a group of stories about the "Prince and His Private Rain Cloud," "The Fat Onions and the Rag-Bag Boy" and the "King With a Hole in His Pocket," will tell stories to children all ages at Bullock's Friday at 3 p.m.

Miss Shannon will tell the children of her latest book, "Eyes for the Dark," her story of "A Cat, a Rat and an Owl."

Miss Shannon is well known to Los Angeles from her association with the city library and schools. She is at present living in the High Sierras and has many stories of animal life in the woods.

TREE TEA ORANGE PEKOE

MENTAL and physical weariness are quickly banished with a cup of Tree Tea Orange Pekoe. An expert selection and blend of the most flavorful mountain teas at a reasonable price. For you who want Tree Tea Japan on hand for those who enjoy a green tea of charm and fragrance.

TREE TEA
ORANGE PEKOE
Tree Tea Japan if you prefer Green Tea....

"You always serve such good coffee"

"Thanks, but it's no trick."
"Oh, but it is. You don't know how hard I've tried."
"Well, of course, we always use M-J-B. We've served it, for almost thirty years." . . .

Many people find that with M-J-B, the strong blend, they use slightly less coffee. But whether you make it strong or weak, M-J-B has a flavor that only the strong blend can give.

Now it comes to you in an improved friction top key-can available only to M-J-B users, packed by our own vacuum process.

SOCIETY

BY JUANITA NEAL LEVY

As Saturday evening and the "Pageant of the Stars" draw near, many last-minute changes and additions in plans for this annual dinner dance of the Assistance League indicate that the thoughtfulness with which the benefit affair is being arranged will insure its becoming a treasured memory for those who attend.

With the Assistance League day nursery as beneficiary, the proceeds are to be used in buying additional playground space. The Cocoanut Grove at the Ambassador will be the scene of the affair.

Mrs. John Eugene Fisher, Jr., has added to her cigarette girls, Mrs. Edward D. Thompson and Mrs. Werner Von Binsler (Alma Barman), while at the same time announcement is made of the replacement of Walter Pidgeon as master of ceremonies by Jack Mulhall, the motion-picture actor.

Among the many new reservations which daily are pouring in through the mails to the girls of the Treasure Chest unit of the league, which is sponsoring the benefit, one of the most interesting is that of Mrs. R. D. Shepherd, who is having a "Dutch Treat" table with Mr. and Mrs. Chester Turner Hoag, Mr. and Mrs. Beverly Scott, Mr. and Mrs. Frank Dewey, Mr. and Mrs. Gordon Wallace Wadsworth, and Noble Hardee Kirkland, Mrs. Shepherd's brother and house guest.

Mrs. Hancock Manning will entertain that evening for her niece, Miss Eleanor Wallis, whose engagement to Artemus Dwight Lamb was announced this month, and other hosts and hostesses of the evening will be Mrs. Charles Gardner Bullis and Miss Mabel Gooley, Mrs. Howard Cunningham (Hortense McLaughlin), Mrs. Dodd Ridge, Mrs. Ruth Gordon Busch, Mrs. Edwin Sears, Mrs. Lloyd Young, Mrs. James R. Page, Mrs. Nicholas Millbank, Miss Jean Hill.

Gray Hair Banished

Dandruff Gone!

The one liquid—Nourishine—restores gray hair to all original colors, evenly, naturally—without streaks. Cannot injure the hair. As easy to apply as water. Nourishine also banishes dandruff, promotes hair growth and cleanses the scalp. It is a real tonic which feeds and NOURISHES the hair. Try it today. You will find it the best hair preparation you have ever used. 8 oz. bottle, \$1.25, at the leading drug and department stores.

Nourishine Shampoo, recommended for use with Nourishine, 8 oz. bottle, 50c. FREE POLISHED hair on request by Nourishine Mfg. Co., 701 O. T. Johnson Bldg., Los Angeles, Calif.

Nourishine
NOT A DYE

Miss Frances Alexander, Raphael Herman and R. W. Fridham. Mrs. Howard Hawley Wells is general chairman for the event.

Retrospect Announced

Dr. and Mrs. W. A. Kerley of West Twenty-first street today are making announcement of the engagement of their daughter, Miss Dorothy Kerley, to Luther Fillmore Opeit, son of Mr. and Mrs. Clyde Opeit of this city. The wedding will take place in the late spring.

Miss Kerley, an alumna of the Marlborough School for Girls, was graduated last June from Leland Stanford University, where she was a member of Pi Beta Phi Sorority, while Mr. Opeit, who attended the University of Southern California, is affiliated with Phi Kappa Tau.

Interesting Marriage

Announcement also is being made of the marriage of Miss Alice Rebecca Russell, daughter of Mrs. Chas. M. Russell of Hollywood and Dr. D. A. Russell of Santa Barbara, former dean of California Christian College, to William Van Dresser, son of William Van Dresser, noted portrait painter, and Mrs. Van Dresser, who are now making their home at the Hotel Coronado, in St. Louis, Mo. The wedding took place the 18th inst. in the First Methodist Church of Santa Ana, with Rev. Rhodes officiating, with only relatives, including Cecil Stone, uncle of the bridegroom, in attendance.

Mrs. Van Dresser attended Stanford University, where she was a member of Alpha Omicron Pi Sorority, while Mr. Van Dresser, who attended New York University, is a Zeta Psi Fraternity member. His father has painted many leaders in public life, including President Coolidge, the late Theodore Roosevelt, Postmaster-General New, Edward Francis Hutton and members of the McCormick family of Chicago, while Mrs. Van Dresser, Sr., under the pen name of Jessamine Stone Van Dresser, is known as a magazine writer and has published many children's books, among them "Gibby" and "Jimsey."

Mr. and Mrs. Van Dresser are now at home to their friends at 1923 North Bronson avenue.

Dinner-Dance

One of the most delightful pre-Thanksgiving parties will be that of Mr. and Mrs. J. Edward Aday of 1320 Indiana avenue, South Pasadena, who are entertaining this evening with a dinner at home, later

Mercolized Wax

Beautifies the Skin

To have a beautiful complexion, for tomorrow and after years start now to give your skin daily care with pure mercolized wax. Preserve an ounce from your dressing case. Use one drop. Gently, the wax flocks off the skin in tiny invisible particles, removing dirt, discoloration, and blemishes, such as freckles, blackheads, tan, moth patches, etc. The under skin then breathes, the surface is smooth, soft, white and clear. Mercolized wax brings out the hidden beauty. To use: Apply a thin layer of mercolized wax to the face, neck, and chest. Wash off with soap and water. (Advertisement) Mercolized Wax—(Advertisement)

HOSTESS TO WELCOME "CLIQUE"

Younger Set to Enjoy Bridge-Supper

(Lansing Brown studio)

MISS EILEEN AMBROSE, the attractive daughter of Dr. and Mrs. C. F. Ambrose, was hostess last evening to fifteen of the younger set who called themselves "The Clique," entertaining with a bridge-supper at the home of her parents, 1323 South

John Nixby of Long Beach, and Allan Chickering of Piedmont.

Mr. and Mrs. Haskins left, following a reception for the bride party and close friends, for Carmel, where they will pass their honeymoon. Upon their return they will make their home at 1803 North Bronson avenue. The bride was graduated from the Marlborough School for Girls and attended the University of California at Los Angeles, where she became a member of the Kappa Gamma Sorority. Mr. Haskins was graduated from the University of California and is af-

filiated with the Delta Kappa Epsilon Fraternity.

Angeleno Wife

Dies at Far-off Home in India

Mrs. Adeline Guha, wife of Surendra Guha, formerly a motion-picture director of Los Angeles, died at Calcutta, India, last Sunday, according to a cablegram received yesterday by Mrs. Guha's parents, Mr. and Mrs. Walter Watts, 2208 Alessandro street, Blandale. Death was due to diabetes.

Mrs. Guha, who was 34 years of age, was known in Los Angeles as a dancer and musician. Mr. Guha, a young Hindu, who was graduated from Berkeley, came to Los Angeles about fifteen years ago to direct pictures and stage legitimate plays. A guest at the Watts residence, he fell in love with Miss Watts and six years ago he married her and took her to India. Mr. and Mrs. Guha had planned to return to Los Angeles this coming Christmas and Mr. Guha had intended to film here several motion pictures dealing with Indian life and customs.

Besides her husband, Mrs. Guha leaves her parents and her sister, Miss Mabel Watts of Blandale, and her two little daughters in Calcutta.

Illness Blamed

for Invalid Shooting Self

Mrs. Anna Mary Litaler, 29 years of age, shot and killed herself while lying in bed in the Castle del Mar Sanatorium at 1159 West Boulevard yesterday morning, according to Bavielle police. Chronic ill health is believed to have been the motive for the act.

According to police Mrs. Litaler visited her husband, Walter Litaler at their home at 5715 Dean avenue, Los Angeles. While there, it was learned, she went into the bathroom at the rear of the residence and surreptitiously obtained the gun from her husband's car.

SELF-STYLED DOCTOR'S
HEARING POSTPONED

Trial of Dr. H. L. Musick, accused by Special Agent Carter of the State Board of Medical Examiners of practicing medicine without a license, was continued yesterday by Municipal Judge Shadon until December 18, next. Musick, according to Carter, had a large clientele at the house where the self-styled "wonder man" held forth. His treatment, Carter says, consisted in every case of a handful of capsules containing a brown powder, which he retailed to patients in envelopes at \$1 for twenty capsules.

NEW ZEROLENE
the modern oil

A STANDARD OIL PRODUCT

AVOID DIZZY SPELLS

Nervous, Always tired and fagged out. Heavy lashed away by neglect. To be beautiful and to keep youth the system must be free from poisonous backwash of congestion which causes dizziness. For 20 years, Dr. F. M. Edwards gave his patients, in place of calomel, a compound of vegetable ingredients mixed with olive oil, naming them "Dr. Edwards' Olive Tablets." Known by their olive color. They free the system of poisons that cause health, energy, beauty.

You need never have sorrow complexions, dull eyes, coated tongue, throbbing headaches—all signs that your bowels are clogged, liver is torpid. Take Dr. Edwards' Olive Tablets nightly. They act smoothly and without gripping. How much better you'll feel and look! Everywhere men and women who know the value of good health take Dr. Edwards' Olive Tablets. All druggists, 15c, 50c and 60c.—(Advertisement.)

Don't Fuss With Mustard Plasters!

Don't mix a mess of mustard, flour and water when you can relieve pain, soothe or stiffen with a little cream, white Mustard.

Mustard is made of pure oil of mustard and other helpful ingredients, and takes the place of mustard plasters. Mustard usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pain and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest (which may prevent pneumonia).

At the first sign of colds in the head take Mustard Cold Tablets. They usually give prompt relief.

WIDER STREETS PLAN INDORSED

Council Committee Acts on Two Projects
City Lawmakers Will Take Vote on Friday

Hoover and Maple Avenue Both Recommended

Two important actions were taken yesterday afternoon by the Opening and Widening Committee of the Council when recommendations were made on the opening of Hoover street and the opening of Maple avenue.

The recommendations will come before the Council for action Friday. These proceedings have been under consideration for about three years. Each is a salient feature of the major traffic plan.

MORE MONEY FAVORED
The committee recommended that an additional \$300,000 allocation from the 9-cent fund be superimposed upon the \$515,000 present allocation, and that this extra money be used under eminent domain proceedings to acquire a street 100 feet wide between the intersection of Figueroa street and Exposition boulevard and the intersection of Third-second and Hoover streets.

All traffic circles will be eliminated. The balance of the allocation will be devoted to the 100-foot widening of Hoover street from Third-second street to Third street under the usual proceedings.

MAPLE CONSIDERED
As to Maple avenue, the committee recommended that funds from the present allocation of \$1,650,000 be used under eminent domain proceedings to cut the avenue through from Third and Los Angeles street to Fifth street and Maple avenue, and to form a connection from the intersection of Vernon and Woodlawn avenues to Forty-sixth and Main streets.

Both of these connections are to be 100 feet wide. The pair are estimated to cost \$1,500,000. The balance of the fund is to be applied to the widening under regular proceedings between Fifth and Washington streets.

PRISONER IN LIQUOR CASE DISAPPEARS

Policeman, Later Located, Gives Bail to Appear in Ocean Park Affray

Disappearance of Sam Elman, Los Angeles police officer, charged in a complaint with conspiracy in connection with the landing of twenty cases of liquor at an Ocean Park pier on Monday, caused a sudden request yesterday to be made for his appearance before United States Commissioner Heed.

The officer was supposed to be in the County Jail, but it was reported that a special intelligence unit of the prohibition department of the government had taken him out of the jail, although he had been placed there by the United States Marshall's office. He was subsequently produced and arrangements made for the posting of \$5000 bail.

Further investigation of the Ocean Park affray, during which four shots were fired at E. C. Rhodes, a Federal agent, one bullet piercing his hat, is being made by the Federal agents. It is intimated that three other officers may be called in to be questioned.

The other officers, accused in the complaint are J. A. Martin, a Santa Monica policeman, and Edward J. Carson, a special officer of Santa Monica. Their bail was set at \$5000 each.

Photo Records of Deeds Urged

M. D. Lack, tax counselor of the California Taxpayers' Association, is advocating enactment of a law making it imperative for any California county to adopt and use the photographic method of recording deeds and other public documents.

"It is being done," Lack said, "in many places in the United States. The method is no longer in the experimental stage. It is a proven method and found to meet every test. It is superior to any other method of recording that has as yet been instituted. It is of proven permanency and demonstrated effectiveness as measured by the percentage of documents which can be copied. It is the most economical method and it is of absolute accuracy."

BARBITURIC ACID'S DRUGS BAN LIFTED

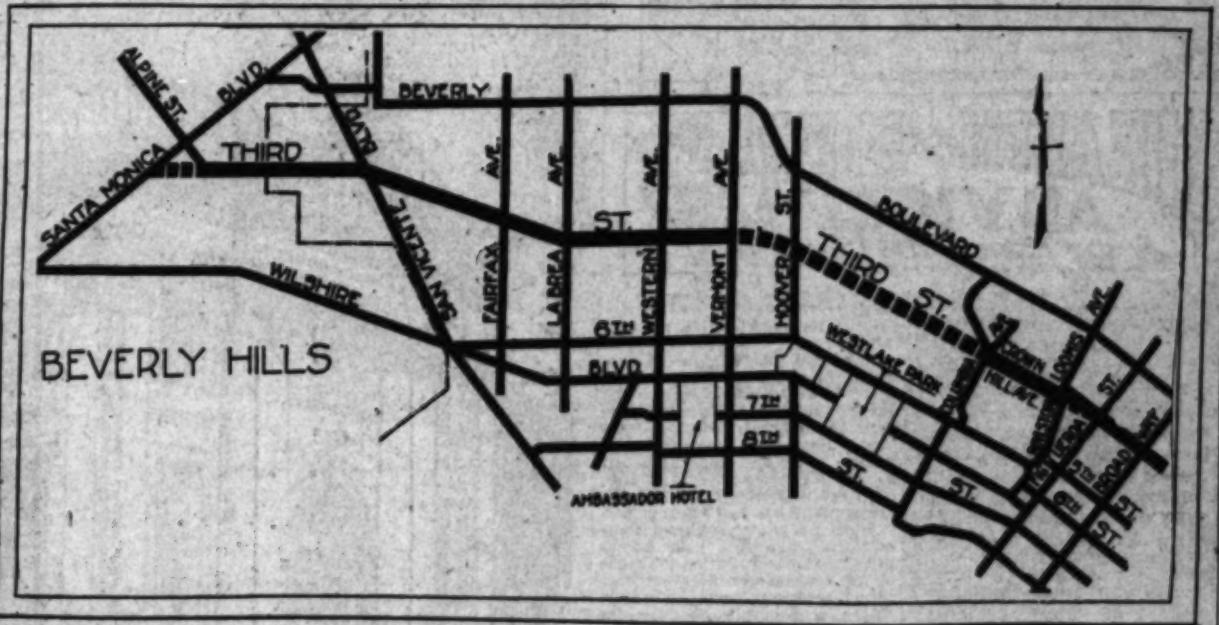

RETAIL DRUGGISTS' GROUP ACTS ON RULING MADE BY JUDGE WILSON

Veronal and other derivatives of barbituric acid again may be purchased legally in Los Angeles drug stores, it was revealed yesterday by a bulletin issued by the Retail Druggists' Association as a result of a ruling made recently by Municipal Judge Wilson.

When two asserted violators of the new ordinance, which prohibited the sale of barbituric acid, were taken into Judge Wilson's court he sustained their contention that the ordinance is void because of an error in the spelling of "barbituric" and the cases were thrown out of court.

The druggists' association is said to oppose the old ordinance and has sponsored a new ordinance, now before the city council, which permits the sale of veronal and other barbituric products to adults only.

City Council's Action Insures Great New Artery for City

Forward Move Seen in Public Improvements Financing

NEWS OF THE CAFES

"We are thankful, indeed," are the words of A. T. Schaber, president of the Schaber Cafeteria Company, in commenting on the first Thanksgiving of the popular eating establishment. "Thankful for the unprecedented support that has been accorded this cafeteria by the people of Los Angeles."

"It has been a pleasure to see that the public has appreciated the efforts we have put forth to provide for them a superior atmosphere and cuisine, and in thanking them for their patronage we wish to say that we will continually strive to even better our service to the public and merit their continued support."

Service will be continuous at Schaber's Cafeteria on Thanksgiving Day from 6 a.m. to 9 p.m. and young-turkey turkeys will naturally be the "piece de resistance" of the dining ceremony.

TURKEYS FROM IMPERIAL

Ralph Arnold, manager of the Pom Pom, Hollywood, has just returned from a visit to El Centro where he personally selected three dozen Imperial turkeys for the Thanksgiving dinner which will be served at this popular night club tonight and tomorrow night.

Other features of the Pom Pom Thanksgiving dinner include California fruit cocktails, Cape Cod blue points, green turtle consommé, Louisiana frog legs, candied yams, baby lima beans, merry widow salad, St. Extra pudding and Turkish coffee.

Performances of "La Vie Parisienne," the current revue, are given at 11 p.m. and 1 a.m. respectively.

DANCING IN LONG BEACH

The Hotel Virginia, Long Beach, is preparing for a delightful Thanksgiving dinner, participation in which has become an annual event with hundreds of people from all over Southern California. It will be served in true Virginia style Thursday, from 12:30 to 2 p.m. and from 6:30 to 8 p.m. All dinner guests are invited to remain for dancing, which begins in the ballroom at 9 o'clock.

M. E. (Don) Olson, manager of the Virginia, announces that plans are being made for most unusual Christmas and New Year's festivities at the Virginia this season.

SONG WRITER TO BE HONORED

Honors will go to Billy Rose, widely known composer of popular songs, who is a new member of the film colony, in a magazine of special programs to be presented beginning today at the studio luncheon in the Hollywood Roosevelt Hotel.

"Billy Rose week" will include the composer's best-known numbers, such as "Barney Google (his first composition)" "There's a Rainbow 'Round My Shoulder," "Me and My Shadow," and others.

MARIE PREVOST GUEST

Marie Prevost will be the guest of honor in the Montmartre cafe this evening, when a gorgeous Thanksgiving Eve festival will take place. Color, fun, music and the best of entertainment are promised to make the event one of the most pleasurable of the year. Miss Prevost has agreed to act as judge of the dancing contest, and will also award the famous Montmartre Cup, which has been held by several film celebrities in the past, to the winning couple.

PALM SPRINGS OPENING

The formal opening of the new Palm Springs Hotel will occur tomorrow. The new hotel is of Spanish architecture, owned and operated by J. Foldes. A special Thanksgiving dinner will be served there from noon tomorrow until 8:30 o'clock in the evening. Music will be furnished by a Spanish orchestra.

ITALIAN VILLAGES READY

Patrons of the Hollywood Italian Village and the downtown Italian Village will not only be treated to a special Thanksgiving dinner, but excellent entertainment as well, it is said.

TOMS FROM KANSAS

The stage is set for a sumptuous, old-fashioned Thanksgiving dinner at the Elite Cafeteria on Flower street, near Seventh street, it is announced. The manager states that young corn-fed turkeys have been shipped direct to them from Kansas, assuring their patrons of delicious turkey. Music will be furnished by the Elite Trio.

TRAFFIC ACTION PRAISED

President of Commission Sees Fund Allocation for Third Street as Distinct Step Ahead

Action of the City Council in recommending an allocation of \$800,000 from city funds to help meet the cost of improving Third street from Figueroa street to Vermont avenue was characterized yesterday by W. L. Brent, president of the Traffic Commission, as a forward step in the solution of financial problems affecting public improvements.

"This move," Mr. Brent said, "is to be built over the Los Angeles River, we will have an artery which will permit a much desired condensation and direct flow of traffic across the entire city."

WELL AID CONGESTION
"Third street also will be an important factor in reducing congestion on Fifth street, at a considerable portion of this traffic will be diverted to Third street via Broadway and Boylston."

The third street project will not only be of benefit to the entire city but should also aid in the welfare of property owners affected. "Third street will materially aid in the development of a district retarded in growth by lack of accessibility. This territory can be pictured as covered with a high type of buildings, close in, easily accessible, and producing a density of population."

OTHER BENEFITS
"The benefits will likewise be great to the west of Vermont avenue. The thoroughfare will occupy a strategic position, midway between Wilshire and Beverly boulevards, and feeding a high-class district. Low in need of a direct outlet east and west."

"Accessibility and transportation make population and population growth in the Third-street district should get value several times over for the investments they are making."

Lower Turkey Prices Cause Heavy Demand

The popularity of Sir Tom and Lady Turkey this year will smash all former records if the present demand for Thanksgiving birds continues.

According to officials of the Safeway Stores lower prices, averaging 5 cents less per pound under 1937, has centered family interest on the turkey frantically to an extent that the local market is becoming depleted, and it is growing difficult to obtain turkeys from outside markets on short notice.

"People," declared a Safeway official, "are buying their turkeys this year earlier than usual, possibly due to lower prices."

Prices on such turkey "fixings" as celery, pumpkins, raisins, and mince meat are the lowest since 1921, it is pointed out.

Actress's Suit for Damage in Arrest Tried

Jean Gilbert, screen actress, who off 1.5 stage is known as Mrs. Jean De Vos, is before Superior Judge McLaughlin and a jury presenting a damage suit for false imprisonment. The action, brought against a downtown department store, asks \$35,000.

The actress in her testimony asserted that she was seized by employees of the defendant, handcuffed, and refused permission to telephone friends. Furgery, she said, was the charge they made.

The trouble is asserted to have arisen when Miss Gilbert signed some checks "Jean Gilbert" and others "Jean De Vos." According to the actress she was made extremely ill by her experience and lost a profitable contract in the films.

Dam Disaster Hero Weds Girl After Romance

Edie Hearne, deputy sheriff of Ventura, who distinguished himself by heroic work during the St. Francis Dam disaster, arrived in Los Angeles yesterday morning, took up to himself a bride and left immediately for San Diego and points south.

The young woman in the case was formerly a showgirl at the El Comodoro in Kansas City, and the ceremony yesterday was the culmination of a romance which began some three or four years ago. The couple were married by Superior Judge Willis at the Courthouse, with only a few friends present.

Hearne is a former big-league baseball player, having been with the Boston Red Sox for a number of years. Mr. and Mrs. Hearne are motoring south for their honeymoon and after about two weeks will return to Ventura.

SECOND MAN IN ROBBERY CASE JAILED

Police Still in Hunt for Third Man Implicated in Beating of Victim

The second member of the trio asserted to have beaten Paul Berley, an engineer living at the Y. M. C. A., on the 24th last, and robbed him of \$17 was arrested yesterday. The arrests resulted from a confession made to the police last Friday by Mrs. Edith Chambers, 30 years of age, of 133 West Twenty-first street, near whose home Berley was beaten and robbed.

Berley met the woman the night he was robbed and went to her apartment. After he left the apartment, he was set upon by three men, all in sailor's uniforms, who dragged him into an alley and beat him so severely before they rifled his pockets that it was necessary to have his wounds dressed at the Georgetown Receiving Hospital.

Mrs. Chambers is asserted to have confessed she acted as a lure for the three men and gave their names to the police. On Sunday night the police arrested Joseph A. De Frank, who said he is a seaman on the U.S.S. West Virginia and is on thirty days' leave. The following night Bernard E. Bruner, 24, who said he formerly was in the Navy, but now lives at 1807 S. Figueroa street, was arrested. The third member of the gang, according to the woman, is called "Cubby" Ruhl and also is a seaman on the West Virginia. The police have asked the Federal authorities for his arrest.

The woman and the two men are being held on charges of suspicion of robbery.

WOMAN ASKS WRITER PAY IN LAWSUIT

Breach of Contract Charge in Subleasing of Space at Art Store Building

Taking of testimony began yesterday afternoon before Superior Judge Montgomery in the lawsuit brought by Cora Bee Sheffield against Will Levington Comfort, magazine writer, and others, where in she asks \$4750 damages for an asserted breach of contract on a lease.

Miss Sheffield is represented in the case by Attorney J. Russell Morton. The writer's defense is being handled by Attorney Harold S. Klugens of the law firm of Klugens & Hoffman.

The plaintiff asserts that she was the owner of an art store and occupied a building at 1124 Fair Oaks avenue, that desk room was given Comfort in the store. Later, she asserted, he subleased the space for an organization known as the Glass Five Group before whom lectures were given several times a week.

Miss Sheffield asserts that during her occupancy of the building she built in partitions and an artistic display. Then suddenly, she said, she found all her fixtures and objects of art removed from the building and the lease was in the court at the back of the store.

The plaintiff asks damages for her ejectment, for the breach of contract on the lease and for the asserted loss of her business.

In their answer to the suit Comfort and the other defendants deny that Miss Sheffield has been damaged.

Sale of Julian Property Given Court Approval

Action of the master in chancery approved to conduct the sale of the Julian Petroleum properties and his sale of the property on the 19th inst., as confirmed in a decree handed down yesterday by United States District Judge James. The sale involves property valued at more than \$10,000,000, one of the largest ever made in the country.

The court ordered that the sale of the property to the Sunset Petroleum Company be confirmed and that the sale be made final, providing no proper protest be made prior to December 20. The Sunset company was organized primarily to take over the affairs of the Julian company and to bring about the reorganization.

The world's oldest woman physician, after nearly a century of life—of work, travel and adventure all over the world—has retired and is living quietly in London. She is Dr. Harriet Clossy, 96 years of age.
